NOTIFICATIONS.

Fort St. George, January 3 1934
[G.O. No. 1. Public (Police).

No. 6.—In exercise of the powers conferred by Section 2 of the Madras Suppression of Immoral Traffic Act, 1930 (Madras Act V of 1930) as subsequently amended, the Governor in Council is pleased to notify that sections 6, 7, 8 and 10 of the said Act shall apply on and from the 1st day of February 1934 in the City of Madras and its environs within a distance of ten miles from the limits of the said city.

Fort St. George, January 3, 1934
[G.O. No. 2. Public (Police).

No. 7.—In exercise of the powers conferred by sections 3 and 16 of the Madras Suppression of Immoral Traffic Act, 1930 (Madras Act V of 1930), the Governor in Council is hereby pleased to make the following rules for the care, treatment, instruction and the maintenance of girls placed in a rescue home or homes or other suitable custody under sub-section (2) of section 6 of the said Act and for the detention of girls under the provisions of section 7 of the said Act.

RULES.

1. On the admission of a girl into a rescue home or other place of custody under the provisions of section 7 or under the orders of the court under sub section (2) of section 6 of the Act, the Superintendent of the rescue home or the person in charge of the place of custody or a woman considered suitable by such Superintendent or person in charge shall take the girl to the nearest Women and Children hospital for examination. If there is no Women and Children hospital within a reasonable distance, the medical examination of the girl shall be conducted by the nearest qualified lady doctor. Girls found to be suffering from any venereal disease shall be kept as far as possible separate from other inmates of such home or place of custody. Girls suffering from casual ailments requiring medical attendance shall be taken to the out patients department of the Women and Children hospital for treatment as out-patients. If any girl is suffering from serious illness, she shall be taken to the nearest hospital for admission and intimation shall immediately be sent to the Commissioner of Police in the City of Madras and to the District Magistrate elsewhere.

2. In the case of death of any of the girls, the Superintendent of the rescue home or the person in charge of the place of custody shall immediately report the circumstances of the case to the Commissioner of Police in the City of Madras and to the District Magistrate elsewhere.

3 The Superintendent of the rescue home or the person in charge of the place of custody shall take every care and precaution to prevent the exercise of evil influences by any person on the girls whom they are in such home or place of custody.

4. (i) Every girl shall have a separate bed with a floor space of not less than 5 × 3' per bed.

(ii) Every girl shall wear such dress as the Superintendent of the rescue home or the person in charge of the place of custody considers suitable for her.

(iii) The Superintendent of the rescue home or the person in charge of the place of custody shall make every effort to instil in the girls habits of cleanliness and discipline.

5. Plain and wholesome food shall be supplied to the girls in accordance with their caste scruples

6 Suitable employment which shall include house work, sewing and the like shall be provided for the girls. A portion of each day shall be devoted to instructing the girls on educational subjects suitable to their age and capacity. The girls shall be allowed proper intervals for rest and recreation.

7. The rescue home or the place of custody shall be kept under the purdah system. No girl shall be allowed to see visitors or receive letters without the express permission of the Superintendent of the rescue home or the person in charge of the place of custody and no male visitor shall be permitted to intervene any of the girls except in the presence of the Superintendent of the rescue home or the person in charge of the place of custody.

8. Any girl whose attendance is required before the police or before a court shall be permitted to leave the rescue home or the place of custody for the purpose only on receipt of a written requisition signed by the Commissioner of Police in the City of Madras and elsewhere by the District Superintendent of Police or of a summons issued by a court of competent jurisdiction. The girl shall in such cases be accompanied by the Superintendent of the rescue home or the person in charge of the place of custody or by a woman considered suitable by such Superintendent or person in charge.

9. (1) The Local Government may appoint for any local area in which the Act has been extended a Board of Visitors to visit once a month the rescue homes and other places of custody situated within such local area and to comment and advise on matters affecting the administration of such homes and places of custody.

(2) Every such Board shall consist of not less than three and not more than five members, all of whom shall be women.

(3) Every member of the Board shall be appointed for a period of two years and shall be eligible for reappointment on the expiry of such term of office.

10. It will be the duty of the Chief Inspector of Certified Schools to superintend and control the working of these rules in the rescue homes and other places of custody referred to in these rules.

11. Section 33 of the Madras Children Act, 1920, shall apply to every girl ordered to be placed in suitable custody under sub-section (ii) of section 6 of the Act as if for the provisions contained in the first-mentioned section, the following provisions were substituted, viz.:—

(1) Where a girl is detained in a rescue home or other place of custody in pursuance of an order of the court, the Superintendent of the rescue home or the person in charge of the place of custody may, at any time after the expiration of three months of the period of detention and with the consent of the Board of Visitors, by license permit the girl on the conditions specified therein to live with any trustworthy and respectable woman named in the licence, willing to receive and take charge of the girl

(2) Any licence so granted shall be in force until revoked or forfeited by the breach of any of the conditions on which it was granted.

(3) The Superintendent of the rescue home or the person in charge of the place of custody may at any time, after consulting the Board of Visitors, by order in writing revoke such license and order the girl to return to the rescue home or place of custody and shall do so at the desire of the person with whom the girl is licensed to live. If the girl refuses or fails to return to the rescue home or place of custody, the Superintendent may apply to the magistrate to cause her removal to the rescue home or place of custody.

(4) The magistrate to whom such an application is made may issue an order directing any police officer not below the rank of Inspector specially authorized in writing in this behalf by the Commissioner of Police or by the Superintendent of Police to remove the girl wherever found to the rescue home or place of custody and there upon such police officer shall have the power to enter into any place where the girl is found and to remove her to the rescue home or place of custody.

(5) The time during which a girl is absent from a rescue home or place of custody in pursuance of a license shall be deemed to be part of the time of her detention in the rescue home or place of custody :

Provided that where a girl has failed to return to the rescue home or place of custody on the licence being revoked or forfeited, the time which elapses after her failure so to return shall be excluded in computing the time during which the girl is detained in the rescue home or place of custody

12. The licence referred to in rule 11 shall be in Form I.

13. No girl shall be licensed out unless the Superintendent of the rescue home, or the person in charge of the place of custody from which she is licensed, is satisfied that due arrangements have been made for the education, training or employment of the girl while so licensed.

14. When a girl is licensed out, the Superintendent of the rescue home or the person in charge of the place of custody shall send every month a report form to the person with whom the girl is licensed to live and such person shall fill in and return the same or cause it to be filled in and returned to such Superintendent or person in charge with a brief report of the conduct and progress of the girl.

15 In all cases of girls living out on licence, regular supervision, as far as the circumstances permit, shall be exercised by the Superintendent of the rescue home or the person in charge of the place of custody, as the case may be.

16. A Casual register shall be kept in every rescue home or place of custody in which shall be entered full particulars of the manner in which every inmate was disposed of on licence or on discharge and of her after-career. Every effort shall be made by the Superintendent of the rescue home or the person in charge of the place of custody to keep in touch with the inmates for at least three years after discharge.

17. An annual return in Form II shall be made by the Superintendent of the rescue home or the person in charge of the place of custody to the Chief Inspector of Certified Schools. The remarks made by the Board of Visitors (vide rule 14) during the year to which the return relates shall also be communicated to the Chief Inspector with the return.

18. The Chief Inspector shall send annually to the Local Government a report on the working of these rules together with his remarks, if any.

19. (1) These rules may be called "The Madras Suppression of Immoral Traffic Rules, 1934."

(2) They shall come into force on the 1st day of February 1934.

No. 32.—The following notifications of the Government of India are republished :—

DEPARTMENT OF EDUCATION, HEALTH AND LANDS.

New Delhi, the 17th October 1933.

No. F. 10-1/33-G.—In exercise of the powers conferred by sub-section (1) of section 213 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), and in supersession of the rules published with the notifications of the Government of India in the Home Department, No. 1902 (Sanitary), dated the 14th October, 1910, and in the Department of Education, Health and Lands, Nos. 466-H (C), dated the 5th March, 1931, 1270 H. (C), dated the 16th July, 1931, and F. 34/32 G. dated the 11th January, 1933, the Governor General in Council is pleased to make the following rules, the same having been previously published as required by sub-section (3) of the said section, namely :—

1. These rules may be called the Indian Pilgrim Ships Rules, 1933.

2. In these rules, unless there is anything repugnant in the subject or context,—

(1) "Act" means the Indian Merchant Shipping Act, 1923 (XXI of 1923);

(2) "Approved" means approved by the Governor General in Council;

(3) "Buoyant Apparatus" means buoyant deck seats or buoyant deck chairs or any other buoyant apparatus excepting boats, life-buoys or life-jackets;

(4) "Compartment" means a space between-decks other than a cabin;

(5) "Form" means a form appended to these rules;

(6) "Inspector" means the officer appointed by the Governor General in Council for the purposes of sub-section (1) of section 131 and, except in rule 3, includes a person authorized by such officer under section 132;

(7) "Length" in connection with a ship means the registered length of the ship;

(8) "Section" means a section of the Act;

(9) "Special Boat-deck" means any deck on which boats are carried and of which the space required for the stowage of boats under rule 22 occupies half or more of the length of such deck;

(10) "Surveyor" means a Surveyor appointed under section 129.

3 On receiving the notice required by section 131, the Inspector shall himself proceed to inspect, or shall give a written authority to some competent person to inspect on his behalf, the ship, her provisions, medical stores, equipment, ventilation, drainage and the like, and the Inspector or person authorized shall satisfy himself that

the ship, her provisions, medical stores, equipment, ventilation, fittings and the like fulfil all the requirements imposed by the Act or these rules.

4. The certificates "A" and "B" required under sections 154 and 155 shall be given in Forms I and II respectively and the supplementary certificate B, required under section 198 shall be in Form III.

5. No certificate under section 155 shall be granted between May 20th and September 20th in any year in respect of a ship of a tonnage of less than 500 registered tons, or which is not capable of steaming at least eight knots in ordinary moderate weather; nor shall such certificate be given at any time unless all the arrangements required by these rules have been made to the entire satisfaction of the Inspector.

6 The Inspector shall see that in all cases where the number of pilgrims exceeds 100, the medical officer of the ship is present at the official inspection and that such medical officer has had an opportunity of satisfying himself as to the completeness of the arrangements made for the accommodation and care of the pilgrims under these rules, and shall require such medical officer to furnish a certificate in Form IV countersigned by the master of the ship and to sign the second of the certificates prescribed by rule 112.

Boats and appliances for saving life.

7. (1) (a) Every pilgrim ship which carries more than 12 berthed passengers shall be provided in accordance with her length with the number of sets of davits specified in column A of the table in rule 37.

Davits.

(b) Every pilgrim ship which carries 12 berthed passengers or less shall be provided in accordance with her length with the number of sets of davits specified in column C of the table in rule 37:

Provided that no pilgrim ship shall be required to have a number of sets of davits greater than the number of lifeboats required to accommodate the total number of persons the ship is certified to carry on the voyage on which she is proceeding:

Provided further that the Governor General in Council may, where it appears to him necessary, having regard to the height at which boats are carried above the load line and to other circumstances of the case, require a pilgrim ship to carry in lieu of, or in addition to, davits some other approved form of launching apparatus or such arrangements for launching boats as may be, in his opinion, effective.

(2) Each set of davits shall have a lifeboat of class I attached to it and at least one of the lifeboats shall be a motor boat.

(3) If the lifeboats attached to the davits do not provide —

(a) accommodation for all the persons the ship is certified to carry,

(b) the minimum capacity specified in column D of the table in rule 37,

whichever is less, additional lifeboats of Class I or Class II shall be placed on board to make up the deficiency, and the stowage of the additional boats shall be approved by the Governor General in Council.

Provided that no ship shall be required to carry lifeboats of an aggregate capacity greater than is required to accommodate the total number of persons the ship is certified to carry on the voyage on which she is proceeding.

8 If the lifeboats carried do not provide sufficient accommodation for the total number of persons which is carried or which the ship is certified to carry on the voyage on which she is proceeding, whichever number is the greater, approved buoyant apparatus shall be carried sufficient for those persons for whom accommodation is not provided in lifeboats.

Buoyant apparatus.

9. If the master or owner of a pilgrim ship wishes to carry on any voyage fewer lifeboats and approved buoyant apparatus than will provide sufficient accommodation for all the persons for which the ship is certified he shall declare before the Principal Officer, Mercantile Marine Department, before the time of clearance, that the lifeboats and approved buoyant apparatus actually carried will be sufficient to accommodate all the persons who will be carried at any time during the voyage. If the aggregate capacity of the lifeboats which he claims to carry on the voyage is less than the minimum capacity specified in column D of the table in rule 37, the master or owner shall declare that the lifeboats alone will be sufficient to accommodate all the persons who will be carried at any time during the voyage.

10. Every pilgrim ship shall carry lifebuoys of a type approved by the Governor General in Council in accordance with the following scale :—

Lifebuoys.

Length of ship in feet.	*Minimum number of lifebuoys.*
Under 200'	8, of which not less than 2 shall be provided with self-igniting lights
200' and under 300' ..	8, of which not less than 4 shall be provided with self-igniting lights.
300' and under 400' ..	12, of which not less than 6 shall be provided with self-igniting lights.
400 and over ..	12, of which not less than 8 shall be provided with self-igniting lights.

11. (1) Lifebuoy lights shall be self-igniting, shall be provided with a means of attachment to lifebuoys, and shall release and open automatically.

Life-buoy lights.

(2) Ships fitted with bridges shall carry a lifebuoy with a self-igniting light attached to it at each side of the navigating bridge in brackets or chocks in such a manner as to admit of instantaneous release and to ensure their dropping clear of the ship's side.

Other lifebuoy lights required under these rules shall be distributed, attached to lifebuoys, to the Surveyor's satisfaction.

(3) All lifebuoy lights required under these rules shall be capable of burning in water for at least 60 minutes. Lights fitted with preckers for opening shall not be accepted.

12. One approved life jacket shall be carried for each person on board.

Life-jackets.

13. The Governor General in Council may, in general or in any particular case, accept any life-saving appliance or arrangement in lieu of a life-saving appliance or arrangement required by these rules subject to such conditions as he may impose.

Power to accept alternatives.

14. For the purposes of these rules lifeboats are arranged in the following classes :—

Classification of lifeboats.

CLASS I.

A.—Open lifeboats with internal buoyancy only.

The buoyancy of a wooden boat of this type shall be provided by watertight air-cases, the total volume of which shall be at least equal to one-tenth of the cubic capacity of the boat.

In the case of a metal boat an addition shall be made to the cubic capacity of the airtight compartments, so as to give it buoyancy equal to that of the wooden boat.

B.—Open lifeboats with internal and external buoyancy.

The internal buoyancy of a wooden boat of this type shall be provided by watertight air cases, the total volume of which shall be at least equal to seven and a half per cent of the cubic capacity of the boat.

If the external buoyancy is of cork, its volume, for a wooden boat, shall not be less than thirty-three thousandths of the cubic capacity of the boat; if of any material other than cork, its volume and distribution shall be such that the buoyancy and stability of the boat are not less than that of a similar boat provided with external buoyancy of cork.

In the case of a metal boat an addition shall be made to the cubic capacity of the airtight compartments, so as to give buoyancy equal to that of the wooden boat.

C.—Pontoon lifeboats, having a well deck and fixed watertight bulkheads.

The area of the well deck of a boat of this type shall be at least thirty per cent of the total deck area. The height of the well deck above the water-line at all points

shall be at least equal to one half per cent of the length of the boat, this height rising to one and a half per cent of the length of the boat at the ends of the well.

The freeboard of a boat of this type shall be such as to provide for a reserve buoyancy of at least thirty five per cent.

Class 2.

A.—Open lifeboats having the upper part of the sides collapsible.

A boat of this type shall be fitted both with watertight air-cases and with external buoyancy the volume of which, for each person which the boat is able to accommodate, shall be at least equal to the following amounts :—

	Cubic feet.
Air-cases	1·5
External buoyancy (first sort)	0·2

The maximum freeboard of boats of this type is fixed in relation to their length : it shall be measured vertically to the top of the solid hull at the side amidships from the water-level when the boat is loaded.

The freeboard in fresh water shall not be less than the following amounts :—

Length of the boat in feet.	Minimum freeboard in inches.
26	5
28	6
30	10

The freeboard of boats of intermediate lengths shall be found by interpolation.

B.—Pontoon lifeboats having a roll deck and collapsible bulwarks.

All the conditions laid down for boats of Class 1C shall be applied to boats of this type, which differ from those of Class 1C only in regard to the bulwarks.

C.—Pontoon lifeboats having a flush deck and collapsible bulwarks.

The minimum freeboard of boats of this type is independent of their length and depends only upon their depth. The depth of the boat shall be measured vertically from the underside of the gunboard strake to the top of the deck at the side amidships and the freeboard shall be measured from the top of the deck at the side amidships to the water level when the boat is loaded.

The freeboard in fresh water shall not be less than the following amounts, which are applicable without correction to boats having a mean sheer equal to three per cent of their length :—

Depth of boat in inches.	Minimum freeboard in inches.
12	2½
18	3½
24	6½
30	9½

For intermediate depths the freeboard shall be obtained by interpolation.

If the sheer is less than the standard sheer defined above, the minimum freeboard shall be obtained by adding to the figures in the table one-seventh of the difference between the standard sheer and the actual mean sheer measured at the stem and stern post ; no deduction shall be made from the freeboard on account of the sheer being greater than the standard sheer or on account of the camber of the deck.

The collapsible sides or bulwarks of Class II boats shall be watertight.

Motor boats.

15. (1) A motor boat carried as part of the statutory life-saving appliances of a pilgrim ship, shall comply with the following conditions :—

(a) It shall comply with the requirements for a lifeboat of Class 1, and proper appliances shall be provided for putting it into the water speedily.

(b) It shall be adequately provided with fuel and kept so as to be at all times ready for use.

(c) It shall be fitted with an approved wireless telegraphy apparatus and a searchlight.

(d) The motor and its accessories shall be suitably enclosed to ensure operation under adverse weather conditions and provision shall be made for going astern.

(e) The speed shall be at least 6 knots when fully loaded in smooth water.

(2) In fixing the volume of the internal buoyancy and, where fitted, the external buoyancy, regard shall be had to the difference between the weight of the motor and wireless telegraphy installation and their accessories and the weight of the additional persons which the boat could accommodate if these were removed.

Construction of lifeboats.

16. (1) All boats shall be properly constructed, and shall be of such form and proportion that they shall have ample stability in a seaway, and sufficient freeboard when loaded with their full complement of persons and equipment. They shall be fitted and arranged to the satisfaction of the Governor General in Council.

(2) The structural strength of the boats shall be to the satisfaction of the Governor General in Council. In the case of pilgrim ships, launched on or after the 1st June 1933, the strength shall be sufficient to permit of the boats being safely lowered into the water with the full complement of persons and equipment on board.

Seating accommodation.

(3) In all open boats, all thwart and side seats shall be fitted as low in the boat as practical, and shall provide seating accommodation for all persons the boat is deemed fit to carry and bottom boards shall be fitted so that the thwarts shall not be more than 2 feet 9 inches above them.

Buoyancy.

(4) Internal buoyancy apparatus shall be constructed of copper or yellow metal of not less than 18 ounces to the superficial foot, or of other durable material, and in open boats of Class 1 may be placed along the sides or at the ends of the boat, but not in the bottom of the boat. External buoyancy apparatus may be of cork or of any other equally efficient approved material : the use of rushes cork shavings, loose granulated cork, or any other loose granulated substance, and the use of apparatus dependent upon inflation by air is prohibited.

Sheer

(5) Open lifeboats of Class 1 shall have a mean sheer at least equal to four per cent of their length.

Pontoon lifeboat.

(6) Pontoon lifeboats may be built of wood or metal. If constructed of wood, they shall have the bottom and deck made of two thicknesses with textile material between ; if of metal, they shall be divided into watertight compartments with means of access to each compartment and shall be provided with at least two bilge pumps.

(7) All pontoon lifeboats shall be fitted with efficient means for quickly clearing the deck of water. The orifices for this purpose shall be such that the water cannot enter the boat through them when they are intermittently submerged. The number and size of the orifices shall be determined by the Governor-General in Council for each type of boat by a special test.

For the purpose of this test—

(a) The pontoon boat shall be loaded with a weight of iron equal to that of its complement of persons and equipment.

(b) In the case of a boat 28 feet in length, two tons of water shall be cleared from the boat in a time not exceeding the following :—

Class 1C	60 seconds.
Class 2B	60 seconds.
Class 2C	20 seconds.

In the case of a boat having a length greater or less than 28 feet the weight of water to be cleared in the same time shall be for each type directly proportional to the length of the boat.

(8) No boat shall be accepted as a lifeboat the buoyancy of which depends upon the previous adjustment of one of the principal parts of the hull.

(9) All boats shall be fitted for the use of a steering oar.

Marking of lifeboats.

(10) All boats shall be permanently marked to the satisfaction of the Governor General in Council in such a way as to indicate plainly their dimensions and the number of persons for which they are approved. Boats that have been properly marked need not be re-measured, unless there is reason to believe that the marks have been tampered with or are otherwise defective or improper.

(11) No boat may be approved the weight of which, when fully laden with persons and equipment, exceeds 20 tons and boats carried to carry 100 persons or more shall be motor boats.

17. (1) The number of persons which a lifeboat shall be deemed fit to carry shall be equal to the greatest whole number obtained by dividing the capacity of the boat in cubic feet, or the number of the boat in square feet, as the case may be (ascertained as provided by rules 18 and 19) by the standard amount of capacity or unit of surface, defined below.

Number of persons to be carried.

(2) The cubic capacity in feet of a boat in which the number of persons is determined by the said rule shall be taken not to be the less than twice the number of persons which the boat is authorised to carry.

(3) The standard units of capacity and surface are as follows :—

Units of capacity	Cubic feet.
Class 1A	10
Class 1B	9
Units of surface	Square feet
Class 2A	3½
Class 2C	
Class 2C	3½
Class 2B	

(4) The Governor-General in Council may accept a smaller unit for pontoon boats of Class 1C and Class 2B, if he is satisfied after trial that the number of persons for which there is seating accommodation in the boat in question is greater than the number obtained by applying the above divisor provided always that the divisor 3½ specified in place of 3½ shall never be less than 3.

(5) The number of persons obtained by the above rules shall be reduced :—

(i) If it is greater than the number of persons for which there is proper seating accommodation, the latter number being determined in such a way that the persons when seated do not interfere in any way with the use of the oars, or

(ii) If, in the case of boats other than open boats of Class 1, the freeboard when the boat is fully loaded is less than the freeboard required by these rules.

(6) If the Surveyor is doubtful as to the number of persons any boat is fit to carry he may require the boat to be tested afloat with the intended number of persons on board.

Test afloat.

(7) The Surveyor may limit the number of persons to be allowed in boats with very fine ends and in boats very full in form.

(8) Two children under the age of twelve years may be carried in place of one adult person.

18. (1) In the case of an open boat of Class 1 the cubic capacity shall be determined by the following formula :—

Cubic capacity of open boats of Class 1.

$$\text{Capacity} = \frac{l}{12}(A + 3B + C)$$

l denotes the length of the boat in feet from inside of the planking or plating at the stem to the corresponding point at the stern post : in the case of a boat with a square stern the length is measured to the inside of the transom.

A, B, C denote respectively the areas of the cross-sections at the quarter length forward and abaft, and the quarter length aft, which correspond to the three points obtained by dividing l into four equal parts (the areas corresponding to the two ends of the boat are considered negligible)

The areas, A, B, C shall be deemed to be given in square feet by the successive application of the following formula to each of the three cross-sections :—

$$\text{Area} = \frac{h}{12}(a + 4b + 2c + 4d + e)$$

h denotes the depth measured in feet inside the planking or plating from the keel to the level of the gunwale, or, in certain cases, to a lower level, as determined hereafter.

a, b, c, d, e denote the *horizontal breadths* of the boat measured in feet to the inside of the planking at the upper and lower points of the depth and at the three points obtained by dividing h into four equal parts (a and e being the breadths at the extreme points, and c at the middle point, of h).

(2) If the sheer of the gunwale, measured at the two points situated at a quarter of the length of the boat from the ends, exceeds 1 per cent of the length of the boat, the depth employed in calculating the area of the cross-sections A or C shall be deemed to be the depth amidships *plus* 1 per cent of the length of the boat.

(3) If the depth of the boat amidships exceeds 48 per cent of the breadth, the depth employed in calculating the area of the midship cross-section B shall be deemed to be equal to 48 per cent of the breadth, and the depth to be used in calculating the areas of the quarter length sections A and C shall be obtained by increasing this last mentioned depth by a percentage equal to 1 per cent of the length of the boat, provided that in no case shall the depths employed in the calculation exceed the actual depths at these points.

(4) If the depth of the boat is greater than 4 feet, the number of persons given by the application of these rules shall be reduced in proportion to the ratio of 4 feet to the actual depth, until the boat has been tested afloat with that number of persons on board all wearing life-jackets, and the test has proved satisfactory.

(5) The cubic capacity of a boat may be assumed to be the product of the length, the breadth and the depth multiplied by 0·6 in cases where it is clear that this formula does not give a greater capacity than that obtained by the above method. The dimensions shall then be measured in the following manner :—

Length. From the intersection of the outside of the planking with the stem to the corresponding point at the stern post or, in the case of a square-sterned boat, to the afterside of the transom.

Breadth. From the outside of the planking at the point where the breadth of the boat is greatest.

Depth. Amidships inside the planking from the keel to the level of the gunwale, but the depth used in calculating the cubic capacity may not in any case exceed 45 per cent of the breadth.

In all cases the shipowner shall have the right to require that the cubic capacity of the boat shall be determined by exact measurement.

(6) If the oars are pulled in rowlocks, the bottom of the rowlocks shall be considered as the gunwale in measuring the depth of the boat.

(7) The cubic capacity of a motor boat shall be obtained from the gross capacity by deducting a volume equal to that occupied by the motor and wireless telegraphy installation and their accessories.

Cubic capacity of motor boats.

19. In the case of pontoon boats and of open boats of Class 2 the surface in square feet shall be determined by the following formula :—

Dock area and capacity of pontoon boats and of open boats of Class 2.

$$\text{Area} = \frac{l}{12}(2a + 3b + 4c + 2d + e)$$

l denotes the length in feet from the intersection of the outside of the planking with the stem to the corresponding point at the stern post.

a, b, c, d, e denote the *horizontal breadths* in feet outside the planking at the points obtained by dividing l into four equal parts and subdividing the foremost and aftermost parts into two equal parts (a and e being the breadths at the extreme subdivisions, c at the middle point of the length and b and d at the intermediate points).

20. No boat carried in compliance with these rules shall have a capacity of less than 125 cubic feet.

Size of boats.

21. In the tests prescribed by these rules for determining the number of persons which a boat can accommodate each person shall be assumed to be an adult person wearing a life-jacket.

Weight of persons.

In verifications of freeboard the pontoon boats shall be loaded with a weight of at least 185 lb. for each adult person that the pontoon boat is authorised to carry.

22. (1) The davits shall be of approved form and shall be suitably placed to the satisfaction of the Governor-General in Council. They shall be fitted on one or more of the decks in such positions that the boats can be efficiently lowered from them, and shall be so spaced and placed that the boats can be swung out with facility. Davits shall not be fitted in the bows of a ship, but they may be fitted in any other position in the ship, provided that the boats are not brought into dangerous proximity to a propeller at the time of launching.

Appliances for lowering boats.

(2) The ropes, falls, blocks, and all other gear required for lowering the boats, shall be of sufficient strength to the satisfaction of the Governor-General in Council. In the case of pilgrim ships launched on or after the 1st June

1935, they shall be of such strength that the boats can be lowered safely with the full complement of persons and equipment, the ship being assumed to have a list of 15 degrees.

(3) In the case of pilgrim ships launched on or after the 1st June, 1937, the davits shall be fitted with gear of sufficient power to ensure that the boats can be turned out against the maximum list under which the lowering of the boats is possible or the davits shall be of the quadrant or other such type as will ensure the above condition being fulfilled.

(4) The boat's falls shall be long enough to lower the boat into the water with safety when the vessel is light with a list of 15 degrees. Life-lines shall be fitted in the davit spans, and shall be long enough to reach the water when the vessel is light with a list of 15 degrees. Hooks shall not be attached to the lower tackle blocks.

(5) Means shall be provided for speedily, but not necessarily simultaneously or automatically, disengaging the boats from the falls; the boats placed under davits shall be attached to the falls and kept ready for service, the points of attachment of the boats to the falls shall be sufficiently away from the ends of the boats to ensure their being easily swung clear of the davits, the boats' release shall be of such construction and arrangements as shall be satisfactory to the Governor General in Council.

(6) Where more than one boat is served by the same set of davits, if the falls are of rope, separate falls shall be provided to serve each boat but where wire falls are used with mechanical appliances for recovering them, separate falls need not be provided.

The appliances used shall be such as to ensure lowering the boats rapidly in turn.

Where a mechanical appliance is fitted for the recovery of falls efficient hand gear shall also be provided.

(7) The Governor General in Council may accept in lieu of davits or sets of davits any other appliance, appliances or arrangements, which appear to him as least as effective as davits for placing the boats in the water.

Buoyant apparatus

23. Approved buoyant apparatus, whether buoyant deck seats, buoyant deck chairs or other buoyant apparatus, shall be deemed sufficient, as far as buoyancy is concerned, for a person or number of persons to be ascertained by dividing the number of pounds of iron which it is capable of supporting in fresh water by 32, and if the apparatus depends for its buoyancy on air shall not require to be inflated before use.

The number of persons to be supported shall be limited to the number of feet in the perimeter of the apparatus.

Such approved buoyant apparatus shall comply with the following conditions :—

(1) It shall be of approved material and construction.

(2) It shall be reversible and shall be effective and stable when floating either way up.

(3) It shall be of such size, strength and weight that it can be handled without mechanical appliances and, if necessary, can be thrown from the vessel's deck on which it is stowed.

(4) The air-cases or equivalent buoyancy shall be placed as near as possible to the sides of the apparatus.

(5) It shall be marked in such a way as plainly to indicate that it is buoyant and the number of persons for which it is approved.

Stowing of boats, rafts, etc.

24. (1) All boats attached to davits and all boats stowed under boats attached to davits shall be stowed in such a way that—

(a) they can be safely launched in the shortest possible time;

(b) they will not impede in any way the prompt handling of any other of the lifeboats attached to davits or stowed under boats attached to davits or the buoyant apparatus carried under Rule 8 or the marshalling of the persons on board at the launching stations, or their embarkation;

(c) even under conditions of list and trim unfavourable from the point of view of the handling of the boats as large a number of persons as possible can be embarked in them;

(d) except as hereinafter provided, they shall be so stowed as not to require lifting before being launched and as secured that they will have the best chance of floating free from the ship in case there is no time to launch them.

(2) With regard to the stowage of other additional lifeboats and buoyant apparatus the following provisions shall apply :—

(a) They shall not impede in any way the prompt handling of the lifeboats attached to davits or the additional boats stowed under boats attached to davits or the buoyant apparatus or the marshalling of the persons on board at the launching stations or their embarkation;

(b) the lifeboats may be stowed one above the other, or they may, subject to such conditions as the Governor General in Council may impose, be fitted one within another, but where boats so fitted require lifting before being launched, they shall only be permitted if attached to davits operated by mechanical power appliances;

(c) the lifeboats may be stowed in rows across a deck, bridge or poop;

(d) as large a number of the boats as possible shall be capable of being launched on either side of the ship, either by means of approved appliances for transferring them from one side of the deck to the other, or by stowing in rows across the deck, or by some other equally satisfactory means;

(e) means shall be provided to the satisfaction of the Governor General in Council for lowering the lifeboats into the water in the shortest possible time;

(3) where a boat is stowed underneath another boat there shall be provided approved removable supports or other approved appliances, so as to ensure that the weight of a boat is not unduly supported by the boat underneath it;

(4) boats may only be stowed on more than one deck on condition that proper measures are taken to prevent the boats from a lower deck being fouled by those from a deck above;

(5) all buoyant apparatus shall be so stowed as to be readily available in case of emergency.

Equipment for boats and buoyant apparatus.

25. (1) Every boat which is carried by any pilgrim ship shall be equipped as follows :—

(a) With the full ship's banked complement of oars and two spare oars, and a steering oar.

(b) With two plugs for each plug hole, attached with lanyards or chains, and one set and a half of thole pins or crutches, attached to the boat by sound lanyards. Plugs shall not be required where proper automatic valves are fitted.

(c) With a sea anchor, a bailer, a galvanized iron bucket, a rudder and a tiller, or yoke and yoke lines, a painter of sufficient length, and a boat-hook. The rudder, the bailer, and the bucket shall be attached to the boat by sufficiently long lanyards, and kept ready for use.

(d) With a vessel or vessels capable of holding one quart for each person that the boat is deemed fit to carry. Each such vessel shall be kept filled with fresh water, and provided with a dipper with lanyard.

(e) With two hatchets, one to be kept in each end of the boat, and to be attached to the boat by a lanyard.

(f) With a line securely becketted round the outside of the boat.

(g) With an efficient lantern trimmed, with oil to its reservoir sufficient to burn right hours; or with some other lantern or light at least as effective, approved by the Governor General in Council.

(2) In addition to the equipment prescribed in sub rule (1), the boats shall be equipped with :—

(a) A mast or masts, and at least one good sail and proper gear for each; but this does not apply to an approved engine boat.

(b) An efficient sea-plug.

(c) An air-tight case containing two pounds of biscuits for each person for whom the boat is approved.

(d) One gallon of vegetable or animal oil, and a vessel of approved pattern for distributing it on the water in rough weather. This vessel shall be capable of being attached to the sea anchor.

(e) One dozen self-igniting red lights in a water-tight tin, and a box of suitable matches in a water-tight tin.

(f) 1 lb. of condensed milk for each person the boat is certified to carry.

(3) All buoyant apparatus carried by a pilgrim ship shall be equipped as follows :—

(a) With two paddles and one boat-hook or two paddles and a heaving line combined attached to the buoyant apparatus by lanyards.

(b) A painter of sufficient length.

(c) A line securely becketted round the outside of the apparatus.

(d) A self igniting light and two signal flares of approved pattern. The self-igniting light is to be attached to the buoyant apparatus by lanyards of suitable length :

Provided that on buoyant apparatus, designed to support less than twenty five persons the paddles, boat-hook, light and flares need not be carried.

(4) All boats and buoyant apparatus shall be fully equipped before the ship leaves harbour and the equipment shall remain in the boat or buoyant apparatus throughout the voyage while the ship is at sea or shall be stowed in some convenient place where it will be immediately available in case of emergency.

(5) A motor boat need not carry a mast or sail or more than half the complement of oars but shall be provided with two boathooks.

Rope ladders.

26. In every pilgrim ship approved rope ladders shall be provided at each set of davits. Such ladders shall be of sufficient length to reach the waterline at the vessel's lightest sea going draft allowing for a list of 15 degrees and at all times be carried in such a manner as to be always available for use in embarking the persons in the boats.

Illumination

27. On all pilgrim ships in which the boat deck is more than 30 feet above the water, provision shall be made for the illumination from the ship of the lifeboats when alongside and in process of or immediately after being launched.

Life jackets.

28. An approved life-jacket shall mean a jacket of approved material and construction, which is capable of floating in fresh water for 24 hours with 10½ lb. of iron suspended from it, or any other approved appliance of equal buoyancy and capable of being fitted on the body. It shall be serviceable and suitable both for adults and children. Life-jackets the buoyancy of which depends on air compartments are prohibited.

Lifebuoys.

29. (1) (a) An approved lifebuoy shall be of solid cork or other equivalent material. It shall be capable of floating in fresh water for at least 24 hours with 32 lb. of iron suspended from it.

(b) Lifebuoys filled with rushes, cork shavings, granulated cork or any other loose granulated material, or whose buoyancy depends upon air compartments requiring inflation, are prohibited.

(2) All lifebuoys shall be fitted with beckets securely sewed, and at least one on each side of the ship shall be fitted with a life-line at least 15 fathoms in length.

Position of lifebuoys and life-jackets

30. All lifebuoys and life-jackets shall be suitably placed to the satisfaction of the Surveyor and so as to be readily accessible to all persons on board and their position shall be plainly indicated so that it may be known to those for whom they are intended.

Lifebuoys shall always be capable of being rapidly cast loose and shall not be rigidly secured in any way.

Life-jackets may be stored either in lockers over the passenger decks or in boxes under the charge of servants as well as in the buoyant seats when these are used. The contents of the boxes shall be clearly painted on them and illustrated notices in the vernacular shall be posted up in different parts of the ship explaining to passengers where to find life-jackets and how to use them. In addition, their use shall be demonstrated by the crew both during boat drills and periodically at other times.

Exemptions.

31. (1) Any lifeboat which forms part of the equipment of a pilgrim ship that was launched before the 1st June 1933, and which has been inspected and approved by the Governor General in Council before that date, may be accepted as equivalent to a lifeboat so long as it remains in good condition.

(2) Lifeboats which were ordered before the 1st June, 1933 in order to complete the equipment of a ship, but which were not delivered in time to be inspected by the Governor General in Council before that date, may be accepted as equivalent to lifeboats so long as they remain in good condition :

Provided that such lifeboats shall not be so accepted, unless—

(a) they have been inspected, where this has not already been done ;

(b) they would have complied with the requirements of the rules in force prior to the 1st June 1933.

32. (1) When it appears to the Governor General in Council, on the application of the owner of a pilgrim ship carrying more than 12 berthed passengers that it is not practicable or reasonable to fit in that ship the number of sets of davits required by these rules, he may authorise under exceptional circumstances a smaller number of sets of davits provided that the number carried shall not be less than the minimum fixed in column B of the table in rule 37 and that the capacity of the lifeboats carried is at least up to the minimum capacity specified in column D of the table.

The owner of such a ship shall be required to satisfy the Surveyor by a practical test in his presence that all the boats carried can be launched in reasonable time, the number of hands employed in the operation not exceeding the total number of boat hands that will be carried on board under normal service conditions and each boat having, when lowered, at least two men on board and its full equipment.

(2) If it appears to the Governor General in Council, on the application of the owner of any pilgrim ship that it is not practicable or reasonable in a particular case to require that pontoon lifeboats, made before the 1st June 1933, and carried on ships of which the keels were laid on or before that date, shall have the minimum freeboard specified in these rules at the bottom end deck made in two thicknesses with textile material between, the Governor General in Council may in his discretion dispense with full compliance with the rules in these respects subject to such conditions, if any, as the Governor General in Council may impose.

Drill.

33. (1) In all ships to which these rules apply, a boat drill and a water-tight door drill shall be held as soon as possible after leaving the original port of departure and thereafter once a week during the voyage when practicable, at which a number of the male passengers (e.g., the single men) when this is practicable shall be mustered apart from the others in a convenient place whence they can be readily requisitioned to assist in swinging out boats or rounding up falls, etc., if required. Such drills shall be recorded in the official log book.

(2) The Surveyor shall be satisfied, in each case before the ship leaves port, that a routine has been devised and communicated to each officer of the ship for securing an efficient working of the boats. In all cases a police system shall be organized to the satisfaction of the Surveyor so as to ensure obedience to orders and proper control and guidance of all on board in times of emergency.

(3) In carrying out the boat and water tight door drills the crew will, when practicable, drill in their life-jackets and arrangements shall be made, when possible, for passengers to see the crew putting their life-jackets on. Entries in the official log book shall state whether and when this has been done.

Emergency boat.

34. In all pilgrim ships which are required under these rules to carry two or more boats, an emergency boat shall be carried along-out and ready for service whilst the ship is at sea.

Boat-decks

35. Special boat-decks shall be kept entirely clear of passengers, and in the case of shade decks, bridge-decks and poop-decks, which are utilized for carrying passengers as well as boats, a space sufficient for the working of the boats shall be railed off ; and where boats stowed on a shade, bridge or poop-deck occupy half or more of the total breadth of the deck, the whole of the space abreast the boats shall be railed off and treated as a special boat-deck.

36. The stowage of boats and buoyant apparatus in any pilgrim ship shall not be passed by the Surveyor as complying with these rules unless he is satisfied that every part of the life saving equipment is readily available.

Stowage.

37 The following table fixes* according to the length of ship the minimum number of sets of davits to be provided in pilgrim ships and the minimum aggregate capacity of the lifeboats carried on board in accordance with these rules :—

Sets of davits and aggregate capacity of lifeboats.

TABLE.

Registered length of the ship in feet.	Number sets of davits.	Minimum aggregate capacity of lifeboats in cubic feet.
	A. B. C.	D.
100 and under 120	.. .. 2 2 2

any part of the boiler rooms and spaces containing oil fuel pumping units: Provided that the Governor General in Council may permit the fitting of any other equally efficient apparatus in place of the 30-gallon extinguisher.

(f) All continuous and valves by which they are operated shall be easily accessible and so placed that they will not readily be cut off from use in case of fire.

Pumps.

43. (1) In all ships each of the steam or equivalent pumps shall be capable of supplying simultaneously two powerful jets of water for use in any part of the vessel. The pumps shall be worked by steam or by some other equally efficient motive power, and shall always be available for immediate use at all reasonable times when the vessel is in commission.

(2) All steam or equivalent pumps shall be provided with effective escape valves suitably adjusted and so placed as to prevent excessive pressure in any part of the water service system.

Water service pipes.

44. The main water service pipes shall be made of wrought material and of of iron or steel, shall, in the case of vessels whose keels are laid after the 1st September 1931, be galvanised. They shall be sufficiently large in diameter for the adequate supply of water to the fire hoses which shall be secured to them for simultaneous operation. The branches shall be so placed that the fire hoses may be conveniently coupled to them and cocks or valves shall be fitted where required to admit of any hose being removed, if desired, while the pumps are at work.

Fire hoses.

45. (1) The fire hoses shall be of leather, seamless hemp, flax sheets of first-class quality, or other approved material. They shall be provided with suitable metal unions and couplings and with gooseneck connections where necessary.

(2) A sufficient number of fire hoses with attachments and couplings shall be suitably distributed about different decks in the ship so as to be readily available for rapid use in any space occupied by passengers or crew, and not less than three hoses and attachments shall be provided in any vessel.

(3) The fire hoses and the couplings, and other apparatus referred to in subsection (1) and (2), together with coupling wrenches if required, shall be kept ready for use in conspicuous positions near the water service hydrants or connections. They shall be used only for the purposes of extinguishing fires or for testing the fire extinguishing apparatus at fire drills and surveys, and not for washing decks.

Arrangements in bunkering spaces or other Cargo Spaces and boiler Rooms.

46. Where provision is made for the injection of steam or other gas into the cargo spaces and boiler rooms for fire extinguishing purposes the necessary pipes for conveying the steam or gas to holds or other compartments shall be provided with controlling valves or cocks readily accessible from the deck and so marked as to indicate clearly the compartments to which the pipes are respectively led. Suitable provision shall be made for locking the valves or cocks so as to prevent inadvertent admission of the steam or gas to any compartment. If any pipe is led to a space to which passengers have access, it shall be furnished with an additional stop valve at such also capable of being locked: Provided that the Governor General in Council may permit the substitution of any other equally efficient safety device giving the requisite security from danger.

Fixed fire extinguishers.

47. (1) A sufficient number of approved portable fluid fire extinguishers discharging water shall be provided in accordance with the requirements of rules 40 and 42. For ordinary purposes not specifically referred to in these rules, the capacity of portable extinguishers shall be not more than three imperial gallons, and not less than two imperial gallons, provided the Governor General in Council may, in his discretion, permit the use of an extinguisher of less than two gallons capacity in special circumstances.

(2) An approved type of portable extinguisher discharging a medium other than water may in the case of not more than 20 per cent of the total number of extinguishers required to be carried be substituted for the ordinary water-discharging extinguisher.

(3) The portable hand fluid fire extinguishers (apart from those supplied in boiler rooms, etc., specially for use in connexion with oil fuel) shall not be of more than two types in any one ship.

(4) All extinguishers, whether portable or otherwise shall be placed in positions where they are readily accessible.

Smoke helmets and safety Lamps.

48. At least two smoke helmets and two safety lamps of approved types shall be included in the fire extinguishing equipment of every vessel and the helmets shall be stowed separately. The members of the crew shall be practised regularly in their use.

Emergency appliances.

49. The necessary emergency fire appliances such as knives, axes, and crowbars, shall be kept in a place readily accessible at all times from different parts of the ship.

Fire drill

50. Fire drill shall be observed at least once a week on board all vessels and during such drill all fire appliances shall be put into use and the fact entered in the Log Book. The great utility of woollen or asbestos blankets for smothering small fires shall always be impressed on all persons taking part in a fire drill.

Custody of fire appliances and fire patrol.

51. (1) The fire apparatus shall be placed by the master under the special charge of one of the principal officers of the ship and of the ship's carpenter, who shall both be held responsible that the apparatus is kept in a state fit for immediate use. As soon as possible after leaving port, the officers and crew shall be divided into parties and assigned to stations in case of fire.

(2) A continuous patrol system shall be organised so that any outbreak of fire may be promptly detected.

Stowage of cargo and disposal of inflammables.

52. (1) The cargo of every ship shall, before she leaves port, be properly stowed away, and the decks shall be cleared of any loose straw, hay and other inflammable material. Any goods which are dangerous by reason of their inflammability or liability to explosion shall be stowed, subject to the provisions of any law or rules in force, in such manner as to safeguard the ship from danger of fire or explosion. The tanks of motor cars carried on the ship shall be drained before loading.

(2) Before a ship leaves port, every passenger shall deliver up any lucifer matches, gunpowder or other inflammable article in his possession.

Use of naked lights and spirits.

53. Naked lights shall not be used in the holds or store rooms or between-decks, except under trustworthy superintendence. No person shall read in bed with a naked light. Casks or drums containing spirit shall not be opened in the hold but shall be hoisted on deck for the purpose.

Smoking.

54. Smoking in the between-decks shall be strictly prohibited.

Relaxation of rules.

55. In the case of a small vessel under 200 feet in length when it is shown to be unreasonable to require full compliance with any of the provisions of these rules, such relaxation shall be granted as the Governor General in Council may, having regard to all the circumstances of the case, direct.

Means for making signals of distress.

Signals of distress.

56. Any of the following commonly recognized night signals of distress may be used either together or separately :—

(1) A gun or other explosive signal fired at intervals of about a minute.

(2) Flames on the vessel (as from a burning tar or oil barrel).

(3) Rockets or shells, throwing stars of any colour or description, fired one at a time at short intervals.

(4) A continuous sounding with any fog signal apparatus.

(5) The International distress signal made by radiotelegraphy or radiotelephony or by any other distance signalling method.

Means of rocket & signals of distress to be provided.

67 All ships shall be provided with the means of making signals of distress at night specified in rules 68 to 69 or, in lieu thereof, with such other means of making signals of distress as have been previously approved

One gun

68 (1) One gun at least 3½ inches in the bore, or one mortar at least 8½ inches in the bore, shall be carried on all ships, with 24 charges of common rifle in the case of foreign-going ships, and 12 charges in the case of home-trade ships.

(2) Each charge shall contain 16 oz. of powder in a flannel bag. The necessary requisites for firing the gun, namely, rammers, sponges, worm, priming wires, friction tubes, powder funk, with fine powder for priming and means for firing and withdrawing the charges, shall also be provided

(3) Approved socket distress signals and sound signal rockets may be carried in lieu of a gun, provided that the number of signals so carried shall be equal to the number of charges of ammunition required under sub-rule (1).

Deck flares

69. Two deck flares, self-igniting in water, shall be provided in every ship Such deck flares shall be capable of burning brightly for at least 40 minutes. Full instructions for use shall be attached to each flare and stores for use shall be provided, efficient means for their ignition shall be provided, efficient means being adopted for ensuring free flow of water to the bottom of the light

Rockets and socket signals.

70 (1) Twelve rockets or shells, throwing stars of any colour or description, shall be supplied, each rocket containing 10 oz. of composition.

(2) Approved socket distress signals may be supplied in lieu of rockets, provided that the number of signals so supplied shall be equal to the number of rockets required under sub-rule (1) If socket signals are also carried in lieu of a gun and charges of ammunition, the number shall be equal to the total number of charges of ammunition and of rockets required under sub-rule (1) of rule 68 and sub-rule (1) of this rule. Socket signals shall be fired only from the sockets supplied by the makers of the signals.

(3) The socket used for firing the socket signals shall, in all cases, be fixed at an angle which shall approximate as closely as possible to but shall not be less than, 20 degrees from the perpendicular, so as to obviate the risk of a signal falling on the vessel's deck if it fails to rise to the usual height The sockets shall be of sufficient strength, and of such a gauge as to ensure that the signal will rise to a safe height before exploding

(4) In all cases where socket signals are carried there shall be at least two sockets, one forward and one aft, on approximately opposite sides of the vessel.

Testing and renewal of signals.

71. All pyrotechnic signals shall be clearly and permanently marked or stamped with the date of manufacture. Adhesive labels or pasted figures alone shall not be accepted in lieu of such marking or stamping Where steel brass labels are used in contract with the vessel, the brass plates shall be properly soldered on and there shall be no corrosion of the container.

Storage of signals and contraband.

72. (1) A separate, detached, and completely enclosed receptacle shall be provided for deck of the following kinds of explosives :—

(1) gun powder or cartridges made therewith ;
(2) rockets ;
(3) socket signals ;
(4) deck flares and lifebuoy lights ;
(5) any other description of pyrotechnic signals.

(2) Such separate receptacles shall not be made mostly by divisions or partitions in a cupboard or locker or chest, but each such receptacle shall be a separate magazine, exclusively appropriated to the keeping of explosives of the kind in question. Charges of powder, if carried, shall be contained in flannel bags, and the magazine in which they are kept shall be made of copper and strongly constructed. To prevent injury to the rockets and other signals, the receptacles shall either be internally divided in such a way that the signals can be stowed vertically, or they shall be of roughly the same length as the signals, but sufficiently narrow to prevent the signals being turned round. The lids shall be secured by hinges or brass fetches so as to permit of an inspection being made without injury to the rest The receptacles shall, where possible, be kept in a house on deck, and stowed or ranged as far apart as circumstances will permit, so that in the event of spontaneous combustion, or of risk of any sort arising any of the cases may be at once removed. Where the socket signals are supplied by the manufacturer in wooden boxes with a tin box for the containing the friction tubes, no other receptacle shall be required for the latter.

(3) No article of an explosive or highly inflammable character shall be carried in any room or place in which any receptacle containing distress signals is deposited.

73. In the case of a small vessel under 200 feet in length when it is shown to be unreasonable to require full compliance with any of the provisions of these rules, such relaxation shall be granted as the Governor General in Council may, having regard to all the circumstances of the case, direct

Fittings and other appliances to be provided on the upper deck and in between-decks.

74. (1) The Inspector shall see that sufficient ventilators are provided for the between-decks to give each pilgrim (a) in the upper between-deck 5 square inches, and (b) in the lower between-deck 10 square inches of ventilation area exclusive of hatches and side scuttles, and that the ventilators are so placed as to afford an equable diffusion of air through all parts. The ventilators of the lower between-deck must act separately from those of the upper between-deck and, if pilgrims are carried on a deck below the lower between-deck, such lower between-deck shall be ventilated by an approved mechanical system. Mechanical ventilation may be accepted in place of natural ventilation but in all cases where it is proposed to fit mechanical ventilation, full details of the arrangement with drawings shall be submitted for the approval of the Governor General in Council.

(2) No pilgrim shall be accommodated on any deck lower than the first between-deck which is below the water-line.

75. Such provision shall be made for affording light to the between-decks by means of side scuttles as the circumstances of case may, in the judgment of the Inspector, require. The pilgrims shall have the free and unimpeded use of the whole of every hatchway situated over the space appropriated to their use, and each hatchway shall be covered by such substantial gratings as shall, in the opinion of the Inspector afford the greatest obtainable amount of light and air Whenever such hatchway is used as a companion way to the between decks, there shall be erected over it a booby hatch to the satisfaction of the Inspector.

76. (1) Every pilgrim ship shall be lighted with efficient lighting by electricity to the satisfaction of the Inspector and shall carry at least six electric torches of a pattern approved by the Inspector to be utilized under the orders of the master of the ship for the purpose of providing illumination in the compartments occupied by pilgrims in the event of a failure of the main lighting arrangements.

(2) In every new ship there shall be two electric generators, one of which shall be situated above the bulkhead deck

(3) For the purposes of sub-rule (2) a new ship means a ship whose keel is laid after the expiry of two years from the date on which these rules come into force or which has not been certified to carry pilgrims during a period of two years prior to that date.

77. Efficient wind scoops shall be provided for at least 25 per cent of the opening scuttles on decks on which pilgrims are accommodated, at least two being provided in each separate compartment, and they shall be placed in position whenever weather conditions permit

78. The number of pilgrims to be accommodated in any separate compartment shall be conspicuously marked on the bulkheads of such compartment in English and Urdu characters in the case of a ship sailing from Bombay or Karachi and in English and Bengali characters in the case of a ship sailing from Calcutta.

79. The space to be occupied by pilgrims in any compartment shall be clearly demarcated by lines so as to divide it into small blocks capable of accommodating in accordance with the requirements of sub-section (1) of section 193 of or any order issued by the Governor General in Council under the said sub-section, pilgrims in batches of 5, 8, 10, 12 or other numbers not exceeding 12 The number of pilgrims which every such block is capable of

accommodating shall be marked in that block in English and Urdu in the case of a ship sailing from Bombay or Karachi and in English and Bengali in the case of a ship sailing from Calcutta.

70. On the upper deck as well as in every compartment in the between-decks to be occupied by pilgrims, there shall be provided an alley-way at least 1½ feet in width. Every such alley-way shall be clearly demarcated by lines.

71. In every compartment allocated for the accommodation of pilgrims and occupying the full breadth of the ship there shall be fitted along the ship's side sleeping boards for the use of the pilgrims of sufficient strength to the satisfaction of the Inspector.

The sleeping boards shall be so arranged as to provide, so far as practicable, a continuous shelf 6 feet in width along the ship's sides at a height of 3 feet 6 inches above the deck. The boards may be made in convenient sizes, and may be portable and capable of being folded against the ship's side or of being removed when not required for the use of pilgrims.

72. The upper-deck of every pilgrim ship shall be either of wood, or of iron or steel sheathed with wood and caulked.

73. Each hatchway (a) shall be provided with an awning or a large tarpaulin tent which shall in bad weather be spread well over the hatchway and securely fastened so as to keep out rain and let in fresh air, and in fine weather shall be rolled up and put out of the way, and (b) except where arrangements exist for lowering the derrick boom in a way which will serve the purpose, shall also be fitted with a strong iron or wooden A-shaped frame for the support of such tent.

74. Every pilgrim ship shall have poop, quarter deck, waist and forecastle awnings complete and in good order, and as weatherly distributed as the Inspector may direct. The awnings and weatherly shall be kept up as long as the weather does not render this impossible.

75. Strong Bulkers 2½ feet wide with hand rails of a convenient height shall be provided for every hatchway used as such and not merely as a ventilator; and, as additional means of support for women and children, knotted handropes shall be fastened convenient near the ladders.

76. The space to be occupied by pilgrims shall be kept clear from obstruction of any kind whatever and thoroughly clean and dry; nothing shall be slung up or stowed away between the beams. Every day while the pilgrims are on deck the between-decks shall be carefully cleaned and scrubbed with dry sand mixed with suitable disinfectants.

77. Bamboos, ropes or strong rails shall be securely fastened fore and aft to the midship stanchions on the between deck.

78. No lumber or cargo of any kind, and only the necessary fittings properly secured and live stock for consumption on the voyage, shall be allowed on the upper-deck, which shall, save as aforesaid, be exclusively reserved for the pilgrims.*

79. No structural alteration such as the erection of deck-houses for the accommodation of pilgrims or the cutting of decks or side plates for ventilators, side scuttles, etc., shall be effected in any pilgrim ship unless it is carried out with the previous permission and to the satisfaction of the Surveyor. When any such alterations have not been carried out and approved by the Surveyor at the time of the survey of the vessel under Part III of the Act, a certificate from a Principal Officer of the Mercantile Marine Department that the alterations have been made with the permission and approval of the Surveyor shall be produced for the inspection of the Inspector.

Supply of cooked and uncooked food and water.

80. (1) (a) For the purposes of the supply of food during the voyage, pilgrims shall be divided into two classes, hereinafter referred to as class A and class B respectively.

(b) Class A shall comprise pilgrims who desire to be supplied daily with—

(i) morning tea;

(ii) day meal;

(iii) afternoon tea; and

(iv) evening or night meal.

(c) Class B shall comprise pilgrims who desire to be supplied daily with—

(i) either morning tea or afternoon tea; and

(ii) either day meal or evening or night meal.

(2) Every pilgrim of class A shall be provided by the master of the ship daily throughout the voyage with food on the following scale:—

(a) *Morning tea*—

(i) One cup of tea.

(ii) Two biscuits or one chapati, according to the pilgrim's choice.

(b) *Day meal*—

(i) Rice or chapatis, according to the pilgrim's choice, in such quantity as the pilgrim may require.

(ii) One plate of mutton and vegetable mixed, on alternate days.

(iii) One plate of vegetable dish, with or without dry fish according to the pilgrim's choice, on days on which item (ii) above is not supplied.

(iv) Dal in such quantity as the pilgrim may require.

(v) Kachumar or pickles.

(c) *Afternoon tea*—

One cup of tea.

(d) *Evening or night meal*—

(i) Rice or chapati according to the pilgrim's choice, in such quantity as the pilgrim may require.

(ii) One plate of vegetable dish.

(iii) Dal in such quantity as the pilgrim may require.

(iv) Kachumar or pickles.

(3) Every pilgrim of class B shall be provided by the master of the ship daily throughout the voyage with either morning tea or afternoon tea and with either day meal or evening or night meal, according to the pilgrim's choice, on the scale laid down in sub-rule (2).

(4) Every pilgrim shall, at the time of buying his ticket, inform the person who issues the ticket whether he—

(i) desire to be included in class A or class B;

(ii) will take rice or chapati for the day meal and the evening or night meal;

(iii) whether he will or will not have dry fish with the vegetable dish to be served on alternate days at the time of the day meal.

81. Arrangements shall be made on every pilgrim ship to make available to pilgrims, apart from the food to be supplied under sub-rules (2) and (3) of rule 80, the articles mentioned below, on payment at extra charges at the rate specified against each article:—

* Pilgrims should be encouraged to use the upper-deck as much as possible.

82. Any medicines or any articles of special diet for infants or invalid or sick persons brought by pilgrims for use during the voyage shall, when necessary, be cooked free of charge in the ship's kitchens.

83. Cooking on board in pilgrims' private stoves or *sigrees* shall be strictly forbidden.

84. All cooks and attendants employed on board a ship for cooking and serving the pilgrims' food shall be Muslims. The number of such cooks and attendants shall be such as the Inspector may consider necessary subject to a maximum of three per hundred pilgrims.

86. (1) All articles of food supplied to pilgrims shall be of good quality.

(2) No articles which may be objectionable according to Islamic *Shariat* shall be used in the preparation of food to be supplied to pilgrims.

86. Every pilgrim shall provide his own plates, cups and other receptacles in which food may be served to him during the voyage.

87. In the case of pilgrims travelling by the lowest class or class D on the ship, the food to be supplied to them under sub-rule (2) of sub-rule (3) of rule 80 shall be distributed at such hatches or other places and subject to such arrangements as the Inspector may consider suitable.

88. Articles of food to be made available to pilgrims under rule 81 shall be kept for sale at a place approved by the Inspector and marked with a signboard written in bold letters in English and Urdu in the case of a ship sailing from Bombay or Karachi and in English and Bengali in the case of a ship sailing from Calcutta announcing that articles of food can be procured there on payment. At the same place shall also be posted—

(i) a table in English and Urdu in the case of a ship sailing from Bombay or Karachi and in English and Bengali in the case of a ship sailing from Calcutta showing the articles of food which a pilgrim is entitled to get daily during the voyage on her sub-rule (2) or sub-rule (3) of rule 80; and

(ii) a list in English and Urdu in the case of a ship sailing from Bombay or Karachi and in English and Bengali in the case of a ship sailing from Calcutta showing the names and prices of the articles offered for sale in accordance with rule 81 and any other articles that may also be available for sale.

89. (1) Every pilgrim ship shall have on board supplies sufficient, in the opinion of the Inspector, to ensure compliance with sub-rules (2) and (3) of rule 80 and rule 81 during the voyage.

(2) Every pilgrim ship shall, in addition to the supplies required under sub-rule (1), have on board, either as cargo or stores, food sufficient in the opinion of the Inspector, to provide for the pilgrims in the event of an accident to the ship's machinery.

90. Each ship shall be fitted with a condenser or distilling apparatus of sufficient capacity to produce at least one and a half gallons of drinking water a day for every person on board of whatever age, including the crew.

91. No certificate under section 165 shall be granted unless the condenser can and only supply the maximum quantity of water prescribed on for rule 90 for each person on board, but also yield every 24 hours 600 gallons of pure cold water fit to drink.

92. The tanks for storing drinking-water on board shall not be placed near the latrines. They shall be protected from all filth, and shall be so closed that the distribution of the water can be effected only by means of "water-not" taps fitted to the tanks. Such taps shall be in the proportion of 1 per 250 pilgrims or fraction of that number in excess of 250. Pilgrims shall be allowed to take water from the taps during four periods of two hours each as stated below, namely :—

(i) 6 a.m. to 7 a.m.,
(ii) 12 noon to 2 p.m.,
(iii) 4 p.m. to 6 p.m., and
(iv) 8 p.m. to 10 p.m.

93. The water of any tank pronounced bad by the medical officer of the ship shall be immediately rejected and pumped out and the tank shall be cleaned out and disinfected before being re-filled.

94. If there is any doubt as to the quality of the drinking-water stored, or as to the possibility of its pollution, either at its source or in the course of the voyage, it shall be well boiled; and it shall be thrown into the sea as soon as is possible to obtain a proper supply.

95. Every condenser or distilling apparatus shall have a separate engine for working the circulating cold water pump, and under no circumstances shall this engine be used for any other purpose than that of feeding the boiler of the condenser.

96. Either upright or horizontal boilers may be used for condensers. Each boiler shall be furnished with a steam-gauge indexed to denote the working pressure, a glass water-gauge and two separate gauge cocks, one safety valve and two mud hole doors for the purpose of cleaning.

97. The boilers and all machinery connected with condensers shall be properly covered in, and every wooden bulkhead in the vicinity of the boilers or condensers shall be covered with sheet lead weighing 4½ lb. per square foot and securely fastened to such bulkhead.

98. All the piping in connexion with the condenser, especially the main suction and the condensed water discharge pipe, unless laid in such a position that no accident can occur, shall be securely encased.

99. The Inspector shall satisfy himself by actual experiment that the condenser is capable of performing the work required of it.

100. The Chief Engineer or some other competent person to be approved by the Inspector, shall be appointed to have charge of the distilling apparatus and machinery connected therewith during the voyage.

Cargo

101. (1) No petroleum as defined in the Indian Petroleum Act, 1899 [VIII of 1899] (except such petroleum as is necessary for use as fuel for the ship during the voyage and the return voyage to India), or explosive as described in the Indian Explosives Act, 1884 (IV of 1884), nor any inflammable oils, spirits, jute, cotton, or coal (except such coal as is required for the voyage and the return voyage to India), nor any commodity likely, by reason of its quantity, quality or mode of stowage, to be prejudicial to the safety of the pilgrims shall be carried on board any pilgrim ship.

(2) Where petroleum is carried in bulk for use as fuel for any pilgrim ship—

It shall have a flash point of not less than 150°. Fahrenheit by Abel's close test and shall be carried in cellular double bottoms under engine and boiler compartments, or under and away holds or in peak tanks, deep tanks or bunkers of approved construction :

Provided that the oil fuel storage tanks and installations in connexion therewith fully comply with the conditions described in the Instructions to Surveyors contained in the Board of Trade Circular No. 1047 (Oil Fuel Installation in Passenger Steamship), dated January 1924.

With each supply of oil taken on board a written guarantee shall be supplied by the vendor, and signed by a responsible official in his employ, of the actual close test flash point, the type of instrument by which the test was made being in every case specified. These particulars shall be entered in the engine room log.

102. No pilgrim ship calling at Aden for the embarkation or disembarkation of pilgrims or for the loading or discharge of cargo shall be delayed at that port on account of the embarkation or disembarkation of pilgrims or the loading or discharge of cargo for a period exceeding 12 hours.

103. No pilgrim ship carrying pilgrims from any port in British India and calling at any other port in British India except Aden, *en route* to the Hedjaz, for the embarkation or disembarkation of pilgrims or for the loading or discharge of cargo shall be delayed at the port of call, on account of the embarkation or disembarkation of pilgrims or the loading or discharge of cargo, for a period exceeding forty-eight hours.

Allotment of upper deck space.

104. No cabin shall be provided for any pilgrim on the upper deck unless space remains unallotted on that deck after providing the accommodation required for the permanent and temporary hospitals, lobbies, and six superficial feet of average space for every pilgrim on board. Such space as remains unallotted after making provision

for these requirements may be reserved for the accommodation of pilgrims in returning overcrowding not less than 9 superficial and 90 cubic feet of space per pilgrim. No pilgrim shall be landed with reserved accommodation in the port of landing except in a calm.

105. The awning spaces on the upper deck may be distributed among pilgrims of different classes in such manner as the master in every case may see fit. Provided that the awning space allotted to any particular class of pilgrims shall be sufficient to provide at least six superficial feet for each space for every pilgrim of that class.

Amount and distribution of baggage.

106. (1) Pilgrims' heavy baggage shall be registered and numbered and shall be stowed in the hold before the ship leaves her moorings.

(2) Pilgrims shall be allowed to keep with them only such articles as are absolutely necessary and the amount so kept shall not exceed one hundred (56 lbs.) in weight per pilgrim.

(3) If a pilgrim so desires, the master shall arrange for the safe custody of the pilgrim's valuables, except bullion, if any, during the voyage. A receipt shall be given to the pilgrim for the articles so received for safe custody and on arrival at the port the articles shall be returned to the pilgrim.

Hospital accommodation, medical stores, and arrangements for isolation and health, cleanliness and efficiency.

107. (1) The hospital accommodation required under section 105 shall be provided as follows, namely:—

A separate hospital shall be provided for not less than 2½ per cent. of the pilgrims on board or number not less than six hundred and having a deck area of at least 32 superficial feet and a height of not less than 10½ cubic feet, for the use of every pilgrim ship on which is carried or intended to be carried pilgrims, there shall be a separate hospital, containing not less than two decks with a deck area of at least 32 superficial feet and the area of not less than 432 cubic feet, which shall be reserved for the use of women and of children under 12 years of age. The hospitals shall be lighted and ventilated to the satisfaction of the Inspector and shall be provided with raised bunks or platforms at least 4 inches off the deck when situated on an iron deck. If no deck is available, provision shall be made to secure as near other deck house and the roof shall be well caulked and covered with painted canvas.* No case of small-pox, cholera, yellow fever or plague shall on any account be received in a general hospital. Persons in hospitals for infectious or contagious diseases, and in the case of such pilgrims, shall not be unoccupied.

(2) Every pilgrim ship shall be provided with mattresses, blankets, pillows and bed sheets in the proportion of one mattress, one blanket, one pillow and two bed-sheets for every 50 pilgrims. These articles shall as a rule be used only for non-infectious cases, and in the event of their being used at any time for infectious cases, they shall be destroyed immediately.

(3) Materials shall be carried for the construction on the upper deck of a separate temporary hospital for the treatment of such cases of sickness as may be considered desirable specially to segregate (such as small-pox, cholera, yellow fever or plague) and for use in the event of the permanent hospital accommodation becoming insufficient owing to any general outbreak of sickness. The parts of the upper deck upon which hospital shall, if required, be erected, shall be so laid out and measured out by the Inspector. The framework of the hospital shall be either of iron (in places that can be easily fitted together) or of wooden spars or battens. The roof shall be tarred, and both the roof and the side walls shall be made of stout canvas and be perfectly water tight, the pressure being at the same time made for ventilation.

The floor shall be raised at least 6 in. less from the deck. The superficial area of the floor shall be not less than the greater of the following areas, namely:—

(a) 144 square feet, or

(b) such area as will, together with the permanent hospital accommodation, if any, provide four out of every hundred, or fraction of an even hundred, of the pilgrims on board the ship.

(4) Every hospital, permanent or temporary, shall be provided with a speed latrine.

* The fittings used in constructing permanent hospitals should be of iron in preference to wood.

(5) In cases of sickness which it has been considered desirable to segregate no person other than the Medical Officer and the persons charged with the duty of Officer and the persons shall have access to the patients lodging other than the medical officer and medical attendants, except when the medical officer and medical attendants referred to in rule 120 who has had access to the patients shall, so far as possible, be prevented from coming into contact with any other person on board.

108. A suitable dispensary to be approved by the Inspector shall be provided. The dispensary shall be kept open for two hours in the morning and two hours in the evening every day. Urgent cases shall be attended to promptly at any time of the day and night.

109. (1) Every pilgrim ship shall be provided with the articles specified in the first column of the annexed table, of the kinds specified in the second column thereof. If the number of pilgrims on board does not exceed one hundred, the quantity of each article to be provided shall be that specified in the corresponding entry in the third column of the said table. If the number of pilgrims exceeds one hundred, the quantity so specified shall be multiplied by the figure specified in the appropriate entry in the second column of table B annexed hereto. The said articles, medical appliances and miscellaneous articles, shall be employed with due regard to any instructions contained in the appropriate entry in the third column of the said Table A.

(2) Every pilgrim ship shall in addition be provided with 14 c.cs. of Lister anti plague vaccine or 6 c.cs. of Haffkine anti plague vaccine for every person on board who has not been certified by the Port Health Officer to have been protected against plague, by inoculation immediately before embarkation. Anti-plague vaccine shall be administered in accordance with the instructions enclosed with the phials containing it. Ordinarily in the case of adults Lister anti plague vaccine shall be administered in two doses of 1 c.c. and 1 c.c. respectively and Haffkine anti plague vaccine in a single dose of 4 c.cs. or 5 c.cs. according as the vaccine is or is not more than three months old. The vaccine shall be kept in cold storage and used when required and shall be discarded in accordance with the date of expiry on the phials under the orders of the Sanitary authority of the port.

(3) No payment shall be demanded or received by any medical officer or attendant from any pilgrim on account of medical attendance, treatment or supply of medicines during the voyage.

Medical Officer.

Health Officer.

Dated *Ship.*

113. (1) Every pilgrim ship shall carry a disinfecting stove approved by the Health Officer of the port in British India at which the voyage is to commence

(2) Articles of bedding, carpets and clothes which have been used by patients affected with cholera, plague, dysentery or any other infectious disease or by persons who have had access to such patients shall, if their value is negligible, be thrown into the sea or if the ship is in a port or canal be destroyed by fire. If their value is more than negligible, they shall immediately be carried for disinfection to the disinfecting stove in impermeable bags sprinkled with a solution of corrosive sublimate and shall be disinfected under the supervision of the Medical Officer.

(3) The excreta and dejecta of persons showing symptoms of cholera, plague, dysentery or any other infectious disease, who are not able to use the hospital latrines shall be collected in vessels containing a disinfecting solution, and vessels shall be emptied into the hospital latrines which shall be thoroughly disinfected every time this is done.

(4) Articles other than those specified in sub-rule (2) which have come into contact with persons suffering from cholera, plague, dysentery or any other infectious disease shall be thoroughly disinfected in the following manner :—

(a) Articles so contaminated or suspected of being so contaminated shall, unless they are liable to be destroyed by exposure to heat, be disinfected in the disinfecting stoves under pressure, the stove being maintained at a temperature (to be tested during each operation) of 240° Fahr. and the articles being exposed to this temperature for 15 minutes.

(b) Articles liable to be destroyed by exposure to the heat of a disinfecting stove, such as metals, leather, tables, lockers, etc., shall be disinfected by being washed with disinfecting solution.*

(5) Slips on which cases of cholera, plague, dysentery or any other infectious disease have occurred shall be disinfected in the following manner :—

(a) The cabins† and all parts of the ship occupied by patients suffering or suspected to be suffering from any such disease shall be emptied, and all articles removed and disinfected in accordance with sub-rule (4).

(b) The interior sides, bulkheads, floors and decks of the ship will be washed with corrosive sublimate solution‡ ship will be washed with corrosive sublimate solution‡ gallon of methylated alcohol to every ten gallons of the corrosive sublimate solution), and two hours after washing, shall be scrubbed, and then thoroughly washed down with plenty of water.

(c) The hold of the ship shall be steam from time to time with a sufficient quantity of iron sulphide to neutralise the sulphuretted hydrogen and the water in the hold shall then, unless the ship is in dock, be pumped out and the hold washed with sea-water and sprinkled with corrosive sublimate solution

114. (1) Every pilgrim ship shall keep on board such stock of the undermentioned materials as may, in the opinion of the Inspector, be sufficient to provide for the burial of at least 2 per cent of the pilgrims, with due regard to the requirements of sub-rules (2) and (4) :—

Long cloth for shrouds.
Bath soap (not scented)
Ritha (Soap berries).
Soorma
Rose water
Atar (Rose).
Agar batti (Arabati).
Abir.
Loban (Benzoin).
Camphor
Cotton.
A wooden plank with short legs.
A set of screens to form an enclosure while a corpse is being washed.
A brass jug
A pan or degchi for boiling water.
Scissors.
Needle and thread for sewing shrouds.

(2) When a pilgrim dies on board, the master shall issue materials for the burial of the corpse in accordance with the scale given below :—

Long cloth [if the deceased is a male]—18 yards.
Long cloth [if the deceased is a female]—20 yards.
Bath soap [if the deceased is a male]—1 cake.
Ritha [if the deceased is a female]—4 chhattaks.
Soorma [if the deceased is a female]—1 pennyweight.
Rose water—1 pint.
Atar (Rose)—1/10th tola.
Agar batti (Arabati)—24 sticks.
Loban (Benzoin)—1 chhattak.
Camphor—½ chhattak.
Cotton—1 chhattak.
Thread—As much as required.

(3) The price to be charged by the master for the issue of the materials mentioned in sub-rule (2) shall be fixed from time to time by the Local Government of the province in which the port of departure of the ship is situated. If the friends or relatives of the deceased pilgrim travelling by the ship or any other persons on board are willing to bear the charge, the master shall receive the price of the materials from them. If he does not receive payment of the price from any friends or relatives of the deceased or from any other persons on board, he or the owner or agent shall be entitled to receive payment of the price from the Port Haj Committee of the port at which the deceased pilgrim had embarked.

(4) No charge shall be made by the master for the use of the wooden plank, screens, jug, pan or degchi, scissors and needle mentioned in sub-rule (1). Those articles shall be preserved after being used in each case of burial till they are again required for use in another case of burial and shall not be used for any other purpose : Provided that the wooden plank jug, pan or degchi, when used in connexion with the burial of a pilgrim whose death was due to infectious disease, shall either be destroyed or disinfected under the directions of the medical officer of the ship.

115. (1) In the event of a death from an infectious disease the corpse shall be wrapped in a shroud impregnated with a disinfecting solution and be committed to the sea. Only Muslim members of the staff of the ship shall attend to this work.

---

* One of the following disinfecting solutions should be used—

(a) Corrosive sublimate in the following proportion :—
Corrosive sublimate, 1 oz.
Hydrochloric acid, 4 oz.
Water, 5 gallons
Yield per brass farthing

(b) Phenol, one part in 100 parts of water.

(c) Formalin 5 per cent.

The different disinfecting solutions are useful for the following purposes :—

(a) Linen, clothes and articles soiled by the excreta of cholera patients should be put into the corrosive sublimate solution.

(b) Floors in the cabins or on the sick shall use the corrosive sublimate solution, when washing the medium in the proportion of one pound to 2,000 pints of water.

(c) Phenol should be used to disinfect articles which cannot be exposed to a temperature of 220° Fahr. or in contact with sublimate solutions, such as metals, instruments, etc.

(d) Noted : It is especially useful to disinfect the evacuations of cholera patients. In the absence of (a)—Lime powder will answer. Use same purpose. When slaked lime is used for disinfecting Bubble Water (b) be used in the proportion of 4 lbs to 10 gallons of the liquid to be disinfected.

† For the purpose of this rule six cabins and sanitary space, one and a half ounces of sulphur should be burnt for every 30 cubic feet of the space to be fumigated the cabin or other space being completely closed during the application and kept so for twelve hours.

‡ The washing should commence from the top, horizontally and downwards, so that the whole ceiling becomes covered with a coating of the solution in the form

(2) In the event of a death from any cause other than infectious disease, the friends or relatives of the deceased on board shall, if they so desire, be permitted to undertake the washing and dressing of the corpse. When there are no such friends or relatives on board willing to undertake this work, the master shall invite volunteers from other pilgrims, preferably from those who come from the same province or country as the deceased, and, if no volunteers come forward, the corpse shall be washed and shrouded and committed to the sea by Moslem members of the ship's staff.

(3) Care shall be taken to secure that all burials at sea are conducted in an orderly and decent manner and, if possible, out of sight of sick pilgrims in the ship's hospitals and an opportunity shall be given to the pilgrims on board to offer funeral prayers.

(4) In normal circumstances, at the time of committing a corpse to the sea, the ship shall be slowed and the screws shall be completely stopped for such time as the master may deem fit.

(5) Fire-bars shall be used for sinking a corpse and the use of lumps of coal for this purpose shall be avoided.

116. Pilgrims shall air their clothing, blankets, etc., as often as they are required to do so by the medical officer.

117. The following articles and appliances shall be supplied on the scale shown below :—

Oil with wicks, or candles to fit lanterns.	Sufficient for all lanterns to burn at least ten hours, for every night of the voyage.	

* All those should be specially marked for privy use.

118. (1) Every pilgrim ship shall be fitted with a sufficient number of latrines for the exclusive use of pilgrims to the satisfaction of the Inspector. The latrines shall be screened from public view and readily accessible in proportion to the total number of pilgrims which the ship can accommodate, namely, not less than 3 for the first 100 and 3 for every additional 100 or fraction of that number in excess of 100. If there be any females among the pilgrims, a proportion of seats shall be screened off and set apart for the exclusive use of females at the rate of 3 for the first 100 females and 3 for every additional 100 or fraction of that number in excess of 100.

(2) In the latrines provided for use of male pilgrims, such number of seats, as the Inspector may direct, shall be set apart for the exclusive use of male pilgrims travelling by the first or second class.

(3) In the latrines provided for use of female pilgrims, such number of seats, as the Inspector may direct, shall be set apart for the exclusive use of female pilgrims travelling by the first or second class.

(4) Latrines shall not be allowed either at the between-decks or in the holds. They shall be in a convenient and accessible place on the upper deck, and close up to the bulwarks or rails. They shall be made of iron and securely bolted down to the deck beams below the deck. They shall not project over the ship's side. They shall be so placed that the soil-shoot of the latrine trough may lead directly out of a port or other opening and well clear of the ship's side. Every latrine shall be divided into separate and private compartments. Each compartment shall not be less than 3 feet by 2 feet in size and shall have a separate entrance with door and be fitted with a seat or pair of *footboards* having a free opening or hole in the centre. Each such opening shall communicate directly with the trough beneath common to all apertures. The trough shall be continued into the shoots and have a good fall from each end towards the shoot in the centre. The trough of the latrine shall be at least 4 inches above the deck to enable the deck beneath to be freely flushed. Every compartment shall be well ventilated by means of such openings as will not interfere with privacy, and shall be provided with efficient lighting to the satisfaction of the Inspector.

(5) All latrines shall be kept in good order and disinfected three times a day. They shall be provided with an approved system of continuous or intermittent flushing to the satisfaction of the Inspector. The flushing pipes shall be of not less than 2 inches internal diameter and fitted so as to enable each latrine to be flushed from end to end. The deck immediately about the latrines shall be enclosed with a ridge of wood 2 inches high to prevent the flushing water finding its way to other parts of the deck and the deck from this 2-inch ridge to the scuppers shall be covered with cement or with tin, lead or other metal.

(6) Not less than two sweepers shall be employed on every pilgrim ship, and one additional sweeper shall be employed for every 100 pilgrims in excess of 100 up to a maximum of five sweepers when the total number of pilgrims does not exceed 1,000. For every 100 or fraction of 100 pilgrims in excess of 1,000 one additional sweeper shall be employed up to a maximum of eight sweepers.

119. (1) At least four adequately screened washing places shall be provided on the deck, a sufficient number being reserved exclusively for women. The washing places shall be supplied with pipes fitted with taps or nozzles able to yield a continuous supply of sea water with pressure even when the ship is at anchor: these taps or nozzles shall be in proportion of 1 for every 100 pilgrims or fraction of that number in excess of 100.

(2) Of the washing places provided for use of male pilgrims, such number, as the Inspector may direct, shall be reserved for the exclusive use of male pilgrims travelling by the first or second class.

(3) Of the washing places provided for use of female pilgrims such number, as the Inspector may direct, shall be reserved for the exclusive use of female pilgrims travelling by the first or second class.

120. The crew of the ship shall not be allowed to use the latrines and washing places intended for pilgrims, while pilgrims are on board, and the latrines and washing places reserved for the use of any particular class of pilgrims shall not be allowed to be used by any other class of pilgrims.

Medical Inspection.

121. The medical inspection of female pilgrims shall be carried out either by lady doctors or, under the supervision of the medical officer appointed for the purpose of section 200, by women appointed by the Local Government in that behalf.

122. No articles found or suspected by the medical officer referred to in rule 121 to have been contaminated by persons suffering from cholera or choleraic indisposition, or from a disease which in his opinion is dangerously infectious or contagious, shall be taken on board a pilgrim ship until they have been disinfected under his order in the manner prescribed in sub-rule (4) of rule 113.

123. No pilgrim otherwise entitled to embark shall be prevented from embarking save for a cause specified in section 209, sub-section (2).

Pilgrim-passes, pilgrim-deposits and pilgrim-tickets.

124 (1) Every intending pilgrim shall obtain from the authority appointed in that behalf by the Local Government of the province in which he resides or of the province in which the port of embarkation is situate, a pilgrim pass in Form V and shall present the same for registration to the Executive Officer of the Port Haj Committee of the port of embarkation.

(2) A fee of three rupees shall be charged for the issue of a pilgrim-pass to a British Indian pilgrim at the port of his embarkation unless he is a resident of such port and the proceeds from the fee shall be credited to the Haj Fund at the disposal of the Port Haj Committee of such port.

(3) Except as provided in sub-rule (2), no fee shall be charged for the issue of a pilgrim-pass to a pilgrim.

124. (1) If any pilgrim who has obtained a pilgrim-pass under sub-rule (1) of rule 124, loses it at any time before embarkation for the outward voyage, the authority appointed in this behalf by the Local Government of the province in which the port of embarkation is situate, may, after making such enquiries as it may deem fit, issue a fresh pilgrim pass to such pilgrim. The provisions of these rules shall then apply to such pilgrim pass as if it were the original pilgrim pass and the original pilgrim-pass shall be deemed to have been cancelled and shall be null and void for all purposes.

(2) All available particulars regarding any pilgrim pass, which has to be deemed as cancelled under sub-rule (1), shall be promptly reported by the authority referred to in sub-rule (1) to owners or agents of ships conveying pilgrims and to His Majesty's Representative at Jeddah.

126. (1) The person with whom the sum referred to in clause (b) of section 208-A shall be deposited shall be the Executive Officer of the Port Haj Committee of the port at which the pilgrim proposes to embark.

(2) When such sum is deposited by any pilgrim, the Executive Officer shall state, in words and in figures, the amount deposited and sign the statement in the space provided for this purpose in Part II of the pilgrim-pass of such pilgrim.

(3) the amount received by the Executive Officer from any pilgrim as a deposit under this rule shall be entered in a separate account and shall not, unless and until it is credited to the Haj Fund under sub rule (2) of rule 148, be utilised for any purpose other than—

(a) the payment of a refund to the pilgrim or to his nominee or legal representative, in accordance with these rules; or

(b) the payment to the master, owner or agent of the ship by which the pilgrim returns to India, of the cost of the pilgrim's return passage from Jeddah.

127. (1) For the purposes of the proviso to section 208-A the 'prescribed person' means the Executive Officer of the Port Haj Committee of the port at which the pilgrim proposes to embark.

(2) When any pilgrim has been exempted from the substantive provisions of section 208 A in accordance with the proviso to that section, the person granting such exemption shall briefly state the reasons for the exemption and sign the statement in the space provided for the purpose in Part II of the pilgrim pass of such pilgrim.

128. The cost of a ticket issued to a pilgrim other than a pilgrim under seven years of age shall include the fixed sanitary and quarantine dues leviable at Kamaran on the outward voyage in respect of such pilgrim, and the cost of a ticket issued to any pilgrim shall include the sanitary and quarantine dues, if any, for the time being leviable at the port of destination on the outward voyage in respect of such pilgrim.

129. (1) The ticket which a pilgrim is under sub-section (1) of section 208-B entitled to receive—

(a) shall be issued from a book with counterfoils,

(b) in the case of a return ticket, shall contain separate portions covering the outward and return journeys, respectively,

(c) shall be denoted by a serial number stamped on the ticket, and, in the case of a return ticket, on each separate portion thereof, and also on the counterfoil,

(d) shall be of canvas, stout paper or parchment and shall be not less than 4½ inches in length and not less than 3 inches in width; provided that in the case of a return ticket, each portion shall be not less than 4½ inches in length and not less than 3 inches in width,

(e) shall show the name of the ship on which the outward voyage is to be performed and the advertised date of its sailing.

(2) On the ticket, or in the case of a return ticket on each portion thereof, and also on the counterfoil, there shall be inscribed in ink—

(a) the class of the issue of the ticket,

(b) the name and father's name of the holder, or if the holder is a married female or a widow, the name and father's name of her husband or deceased husband, with the words 'wife of' or 'widow of,' as the case may be, prefixed,

(c) the registration number (at port of embarkation) of the pilgrim-pass of the holder,

(d) the total cost of the ticket with a statement of the sanitary and quarantine dues referred to in rule 128,

(e) a statement to the effect that pilgrims under seven years of age are exempt from the payment of Kamaran quarantine dues,

(f) a statement showing the number of meals the holder is entitled to be supplied with daily during the voyage,

(g) a statement to the effect that, in addition to the food which every pilgrim is entitled to receive during the voyage under sub-section (2) of section 208-B, additional articles of food will be procurable on board the ship on payment.

(3) The particulars specified in clause (d) of sub-rule (2) shall be written in English and Urdu. The particulars specified in clauses (e), (f) and (g) of the said sub-rule shall be written in English and Urdu in the case of a ship sailing from Bombay or Karachi and in English and Bengali in the case of a ship sailing from Calcutta. The particulars specified in the remaining clauses of the said sub-rule shall be written in English.

130. No ticket shall be issued to a pilgrim who does not produce his pilgrim-pass duly registered at the port of embarkation and no single ticket for the outward voyage from a port in British India, by the lowest class available on a ship shall be issued to a pilgrim unless Part II of his pilgrim pass bears either the statement referred to in sub-rule (2) of rule 125 or the statement referred to in sub-rule (2) of rule 127, duly signed.

131. When a ticket is issued to a pilgrim, the person issuing the same shall write the class and serial number of the ticket and the name of the ship by which the outward voyage is to be performed in the spaces provided for the purpose in Part II of the pilgrim pass of such pilgrim, and, if the ticket is a return ticket, he shall also state, in the space provided for this purpose in the same part of the pilgrim pass, the date of the issue of the return ticket and sign the statement.

132. It shall be the duty of the master to ensure that no pilgrim is received on board in contravention of the provisions of section 208-A.

133. Every pilgrim, on landing at Jeddah, shall present to His Majesty's Representative at that place, for registration—

(1) his pilgrim-pass (Parts I and II)*; and

(2) if he is in possession of a return ticket, such return ticket.

134. If any pilgrim loses his pilgrim-pass at any time after his embarkation at a port in British India and before it is presented to His Majesty's Representative at Jeddah for registration, such pilgrim may apply to His Majesty's Representative at Jeddah for the issue of a fresh pilgrim-pass. If a fresh pilgrim pass is issued, the provisions of these rules shall apply to such pilgrim pass as if it were the original pilgrim-pass and the original pilgrim-pass shall be deemed to have been cancelled and shall be null and void for all purposes.

135. If any pilgrim loses Part I of his pilgrim pass after having delivered Part II to His Majesty's Representative at Jeddah, for safe custody, such pilgrim may apply to His Majesty's Representative at Jeddah for the issue of a fresh pilgrim pass (Part I). If a fresh pilgrim-pass (Part I) is issued, the original pilgrim-pass (Part I) shall be deemed to have been cancelled and shall be null and void for all purposes.

136. (1) When a pilgrim who is not in possession of a return ticket but who has made the deposit referred to in clause (b) of section 208 A during the previous eighteen months and has delivered to His Majesty's Representative at Jeddah, for safe custody, Part II of his pilgrim pass bearing the statement referred to in sub-rule (2) of rule 126, desires to embark for the return voyage from Jeddah, he shall request His Majesty's Representative at Jeddah to secure for him a ticket for the return voyage.

* The return ticket (Copy) and Part II of the pilgrim pass will be retained by His Majesty's Representative for safe custody, whilst Part I of the pilgrim-pass will be endorsed to that effect and returned to the pilgrim to remain in his possession.

(2) Every ticket issued to a pilgrim in compliance with a request made by him under sub-rule (1)—

(a) shall be denoted by a serial number stamped on the ticket,

(b) shall be of canvas, stout paper or parchment and shall be not less than 4½ inches in length and not less than 3 inches in width; and

(c) shall have prescribed on it in ink—

(i) the name of the ship by which the return voyage is to be performed;

(ii) the date on which the ship is due to sail from Jeddah;

(iii) the name, and father's name of the pilgrim, or if the pilgrim is a married female or a widow, the name as father's name of her husband or deceased husband, with the words 'wife of' or 'widow of,' as the case may be, prefixed;

(iv) the registration number (at Jeddah) of the pilgrim-pass of the pilgrim;

(v) the name of the port at which the pilgrim is to disembark;

(vi) a statement showing the number of meals the pilgrim is entitled to be supplied with, daily during the voyage; and

(vii) a statement to the effect that, in addition to the food which every pilgrim is entitled to receive during the voyages under sub section (2) of section 208-B, additional articles of food will be procurable on board on payment.

(3) The particulars referred to in sub-clause (iii) of clause (c) in sub rule (2) shall be written in English and Urdu. The particulars referred to in sub clauses (vi) and (vii) of the said clause shall be written in English and Urdu in the case of a ship proceeding to Bombay or Karachi and in English and Bengali in the case of a ship proceeding to Calcutta. The particulars referred to in the remaining sub-clauses of the said clause shall be written in English.

(4) Within one month from the date on which the master, owner or agent of a ship, by which a pilgrim who had made the deposit referred to in clause (b) of section 208-A returns to India, presents Part II of the pilgrim-pass of such pilgrim, duly endorsed by His Majesty's Representatives at Jeddah to the Executive Officer of the Port Haj Committee of the port in British India at which the pilgrim had made the said deposit, the Executive Officer shall pay to such master, owner, or agent, the amount of the deposit, as cost of the pilgrim's return passage from Jeddah.

137. (1) When a pilgrim, who had purchased a return ticket within the previous eighteen months and delivered such ticket to His Majesty's Representative at Jeddah for safe custody, desires to embark for the return voyage from Jeddah, he shall request His Majesty's Representative at Jeddah to secure for him a passage for the return voyage.

(2) If and when a passage is secured in compliance with a request made by a pilgrim under sub-rule (1), the agent of the ship shall write on the return ticket the name of the ship by which the pilgrim is to perform the return voyage and the date on which the ship is due to sail from Jeddah, and shall return the ticket to His Majesty's Representative at Jeddah for delivery to the pilgrim.

Refunds of Deposits and Passage Money

138. (1) The officer making an inspection under section 206 or section 207 shall stamp on the pilgrim pass and also on the ticket of a pilgrim the following endorsement, if permission to embark is withheld from such pilgrim under sub-section (2) of section 206 or if he is removed from the ship under sub-section (2) of section 207 or if he is prevented from proceeding by reason of such permission being withheld from any member of his family or by reason of any member of his family being so removed:—

"Not permitted to proceed on the Haj."

(2) The right to a refund of passage money accruing under sub-section (1) of section 208 C to a pilgrim, to whom sub rule (1) applies, shall be subject to the presentation by him of his ticket endorsed in accordance with the said sub-rule, to the owner or agent of the ship.

(3) The right to a refund of passage money accruing under sub section (1) of section 208 C to a pilgrim, to whom sub rule (1) does not apply shall be subject to the presentation by him of his ticket to the owner or agent of the ship and to a deduction of 10 per cent of the passage money paid by him: Provided that no such deduction shall be made if the pilgrim had given to the owner or agent, at least three clear days before the departure of the ship, a written notice of his intention of cancelling his passage and advanced satisfactory reasons for doing so. If there is any dispute between the pilgrim and the owner or agent as to whether the reasons advanced by the pilgrim for cancelling his passage were or were not satisfactory, the owner or agent shall refer the matter in the first instance to the Chairman of the Port Haj Committee of the port, and if the Chairman's decision is not acceptable to either of the two parties, the Chairman shall refer the matter to a Presidency Magistrate or a Magistrate of the first class exercising jurisdiction in the port. The decision of the Magistrate shall be final and there shall be refunded to the pilgrim any amount allowed to him by such decision.

(4) Where a pilgrim has made the deposit referred to in clause (b) of section 208-A his right to a refund of the amount of the deposit, accruing under sub-section (1) of section 208 C, shall be subject to the presentation by him of his pilgrim pass, endorsed in accordance with sub-rule (1) of the said sub rule applies to him, and having, in Part II thereof, the statement referred to in sub-rule (2) of rule 126, duly signed, by the Executive Officer of the Port Haj Committee of the port at which he had made the deposit.

139. (1) The right to a refund of half the passage money, accruing under sub-section (2) of section 208-C to a pilgrim, shall be subject—

(a) to the presentation by the pilgrim to the agent at Jeddah of the ship by which he proceeded to Jeddah from India, of his ticket for the return voyage with an endorsement in the following form signed by His Majesty's Representative at Jeddah:—

"Passed for refund under sub-section (2) of section 208 C of Indian Merchant Shipping Act, 1923."

(b) to the determination of the amount of refund in accordance with the following formula:—

$$\text{Amount of refund} = \frac{(A-B-C)}{2} - \frac{1\ A-3-}{103}$$

A denotes the total amount of passage money paid by the pilgrim for the ticket for the outward voyage and the return voyage.

B denotes any sum mutually disbursed on behalf of the pilgrim on account of sanitary and quarantine dues at Aden on the outward voyage.

C denotes any sum actually disbursed on behalf of the pilgrim on account of sanitary and quarantine dues at the port of disembarkation on the outward voyage.

(2) The right to a refund of deposit money, accruing under sub-section (3) of section 208-C to a pilgrim, shall be subject to the presentation by the pilgrim to His Majesty's Representative at Jeddah of an application for refund setting forth circumstances in which the refund is claimed.

140. (1) The nomination in writing referred to in sub-section (3) and in sub-section (4) of section 208-C shall be made in the presence of the officer from whom the pilgrim obtains his pilgrim pass under sub-rule (1) of rule 124 or of the Executive Officer of the Port Haj Committee of the port of embarkation in British India, or of the master of the ship by which the pilgrim travels on the outward voyage, or of His Majesty's Representative at Jeddah. It shall be attested by two witnesses and shall be in the following form:—

"I, ... of village ..... Post Office ..... District ..... do hereby nominate ..... of village ..... Post Office ..... District ..... to receive any refund of passage money due from the shipping company ..... to any ..... deposit made under section 208-A.

which I or my legal representative may become entitled under sub-section (3) or sub-section (4) of section 208-C of the Indian Merchant Shipping Act, 1923 (XXI of 1923)."

(2) The person in whose presence the nomination is made shall—

(a) write the name and postal address of the nominee in Part I and Part II of the pilgrim pass of the pilgrim in the spaces provided therein for the purpose; and

(b) forward the original nomination paper to the Executive Officer of the Port Haj Committee of the port in British India at which the pilgrim proposes to embark or had embarked.

141. (1) The right to a refund of half the passage money, accruing under sub-section (3) of section 208 C to the nominee or legal representative of a deceased pilgrim, shall be subject—

(a) to the presentation by the nominee or legal representative to the owner, or to the agent at the port of embarkation or at Jeddah, of—

(i) the pilgrim's ticket for the return voyage from India and

(ii) of satisfactory proof of the pilgrim's death, and

(b) to the determination of the amount of refund in accordance with the formula laid down in clause (b) of sub-rule (1) of rule 139.

142. (1) The right to a refund of the deposit money, accruing under sub-section (3) of section 208 C to the nominee or legal representative of a deceased pilgrim, shall be subject to the production by the nominee or legal representative either to the Executive Officer of the Port Haj Committee at the port at which the pilgrim had made the deposit, or an application for refund supported by satisfactory proof of the pilgrim's death.

143. (1) The right to a refund of half the passage money, accruing under sub-section (4) of section 208 C to the nominee or legal representative of a deceased pilgrim, shall be subject to the presentation by the nominee or legal representative either to the owner, or to the agent at the port of embarkation in India or at Jeddah, of the pilgrim's ticket for the return voyage from Jeddah, and to the determination of the amount of refund in accordance with the formula laid down in clause (b) of sub-rule (1) of rule 139.

(2) The right to a refund of the deposit money, accruing under sub-section (4) of section 208 C to a pilgrim or to his nominee, shall be subject to the presentation by the pilgrim or by his nominee, either to the owner, or to the agent at the port of embarkation in India or at Jeddah, of the pilgrim's ticket for the return voyage from Jeddah, and to the determination of the amount of refund in accordance with the formula laid down in clause (b) of sub-rule (1) of rule 139.

144. (1) If a pilgrim who has sailed on the outward voyage from the port of Calcutta with a return ticket, is brought back to the port of Bombay or Karachi, the owner or agent shall refund to such pilgrim one-half of the difference between the passage money actually paid by him and the passage money which he would have been required to pay had he sailed on the outward voyage from the port of Bombay or Karachi, as the case may be.

(2) If a pilgrim, who has sailed on the outward voyage from the port of Calcutta after making the deposit referred to in clause (b) of section 208-A, is brought back to the port of Bombay or Karachi, the owner or agent shall refund to such pilgrim the difference between the amount actually deposited by him and the amount he would have been required to deposit had he sailed on the outward voyage from the port of Bombay or Karachi, as the case may be.

145. (1) Every claim for refund of passage money or of deposit money submitted by a pilgrim or by a pilgrim's heir-at-law or legal representative in accordance with these rules shall be attended to as expeditiously as possible by the person to whom such claim is presented.

(2) The owner or agent of a ship who is required to make a refund of passage money under these rules at a port in British India shall make such refund through the Executive Officer of the Port Haj Committee of that port.

(3) It shall be the duty of the Executive Officer of the Port Haj Committee of the port in British India at which a pilgrim proposed to embark or had embarked for the outward voyage to assist such pilgrim or his nominee or legal representative in obtaining any refund of passage money to which he may be entitled.

146. Whenever the owner or agent of a ship makes a refund under these rules direct to a pilgrim or to his nominee or legal representative and not through the Executive Officer of the Port Haj Committee at the port in British India, at which the pilgrim proposed to embark or had embarked for the outward voyage, such owner or agent shall report to the said Executive Officer the following particulars, namely:—

(1) the name and father's name of the pilgrim;

(2) the registration number (at the port of embarkation in British India) of the pilgrim-pass of the pilgrim;

(3) the name of the person to whom the passage money was refunded;

(4) the amount of the refund;

(5) the date on which the refund was made; and

(6) the circumstances in which the refund was made.

146. Whenever His Majesty's Representative at Jeddah makes a refund of deposit money to a pilgrim or to his nominee or legal representative, the Executive Officer of the Port Haj Committee at the port at which the pilgrim had made the deposit under clause (b) of section 208-A shall pay the amount of the deposit to His Majesty's Representative at Jeddah on receipt from him of Part II of the pilgrim-pass of the pilgrim showing—

(a) the name of the person to whom the refund was made;

(b) the date on which the refund was made; and

(c) the circumstances in which the refund was made.

147. (1) If the sum deposited by a pilgrim under clause (b) of section 208 A is not utilised for defraying the cost of his passage for the return voyage from Jeddah and if such sum has not also been refunded either to the pilgrim or to his nominee or legal representative during eighteen months from the date on which the deposit was made by the pilgrim, the Executive Officer of the Port Haj Committee of the port in British India at which such pilgrim had embarked on the outward voyage shall on receipt of Part II of the pilgrim-pass of the pilgrim, from His Majesty's Representative at Jeddah, try to trace the pilgrim or his nominee or legal heir and, if the pilgrim or his nominee or legal heir is traced, refund to him the amount deposited by the pilgrim.

(2) If the return ticket of a pilgrim remains unclaimed with His Majesty's Representative at Jeddah till the expiry of eighteen months from the date on which such return ticket was issued, the Executive Officer of the Port Haj Committee of the port in British India at which the pilgrim had embarked for the outward voyage shall, on receipt of the return ticket of the pilgrim from His Majesty's Representative at Jeddah, try to trace the pilgrim or his nominee or legal representative and, if the pilgrim or his nominee or legal representative is traced, make over the return ticket to him so that he may claim from the owner or agent concerned any refund of passage money to which he may be entitled.

148. (1) The period after which an unclaimed deposit liable to be refunded shall become the property of Government shall be two years from the date on which the deposit was made.

(2) The amount of any unclaimed deposit which becomes the property of Government shall be credited to the Haj Fund at the disposal of the Port Haj Committee of the port in British India at which the deposit was made.

(3) The period after which unclaimed passage money liable to be refunded shall become the property of Government shall be two years from the last date of issuing a ticket during the outward pilgrim season during which the ticket in respect of which that passage money had been paid was issued.

(4) Within two months of the expiration of the period specified in sub-rule (3) the unclaimed passage money liable to be refunded shall be made over by the owner or agent to the Executive Officer of the Port Haj Committee of the port in British India at which such passage money had been paid by the pilgrim concerned and in order to facilitate the operation of this rule the owner or agent concerned shall, on the arrival and on the departure of each pilgrim ship, furnish to the Executive Officer of the Port Haj Committee of the port a list containing the names of all pilgrim return ticket holders travelling by such ship together with the registration numbers (at port of embarkation from British India) of the pilgrim passes originally issued to such pilgrims.

(5) Any unclaimed passage money which becomes the property of Government shall, on receipt by the Executive Officer of the Port Haj Committee of a port in British India, be credited by such Executive Officer to the Haj Fund at the disposal of that Committee.

Advertising of dates of sailings and payment of compensation to pilgrims for delay in sailing

149. The "Pilgrim Officer" for the purposes of sections 203 E, 203-G and 203 H shall be the Executive Officer of the Port Haj Committee of the port or place of embarkation.

150. The proposed date of sailing and the place of destination of any ship, which is intended to call on a voyage as a pilgrim ship from any port or place in British India and the prices of each class of passage tickets shall be advertised under sub-section (3) of section 203-E, by the master, owner or agent by a public notice in at least one English, one Urdu and one Gujarati newspaper published in British India or also by beat of drum in the port or place of embarkation and in such other places as the master, owner or agent may deem necessary. A copy of the said public notice shall forthwith be sent by the master owner or agent to the Pilgrim Officer.

151. The advertisements by public notice referred to in rule 150 shall be published not later than fifteen days before the intended date of sailing.

152. If a pilgrim ship fails to proceed from any port or place on the date advertised under sub-section (3) of section 203-E as the proposed date of sailing therefrom, the master owner or agent shall forthwith send to the Pilgrim Officer at the port or place at which the delay occurs a list showing the names of all pilgrims in each class who have paid their passage money on or before such date, with the serial numbers of their passage tickets and the registration numbers of the pilgrim-passes issued to them under sub-rule (3) of rule 124 or sub-rule (3) of rule 123 and shall also intimate to the Pilgrim Officer the subsequent date on which the ship is intended to sail. The Pilgrim Officer shall on receipt of the intimation, issue a notice to the master, owner or agent specifying the sum payable to the pilgrims as compensation under sub-section (1) of section 203-C at the rate of one rupee per pilgrim for each completed day during which the sailing has been delayed after the advertised date of sailing. The master, owner or agent shall, on receipt of the notice, forthwith pay to the Pilgrim Officer the specified sum on behalf of the pilgrims entitled thereto. The Pilgrim Officer shall, on receipt of the money, enter in the aforesaid list against the name of each pilgrim the compensation payable to him in respect of his detention, and shall pay the compensation to him at or before the time of embarkation and shall take a receipt from him or against his name in the aforesaid list after checking the serial and register numbers entered against his name by the serial and register numbers of the passage ticket and the pilgrim-pass held by him. The pilgrims' tickets and pass shall be stamped to signify that payment has been made.

153. If the master, owner or agent is unable to despatch the ship on the subsequent proposed date of sailing intimated by him to the Pilgrim Officer under rule 152, he shall forthwith send to the Pilgrim Officer a revised list showing the names of all pilgrims in each class who have paid their passage money on or before such subsequent date, together with the serial numbers of their passage tickets and the registration numbers of their pilgrim passes and shall intimate to the Pilgrim Officer the further subsequent date on which the ship is intended to sail. The Pilgrim Officer shall follow the procedure laid down in rule 152 for recovering from the master, owner or agent the further compensation payable to the pilgrims at the rate of one rupee per pilgrim for each completed day during which the sailing has been delayed after the subsequent date of sailing intimated by the master, owner or agent under rule 152 and for paying the compensation at or before the time of embarkation to each pilgrim in respect of his detention.

154. If the whole or any part of the compensation due to a pilgrim cannot be paid to him at or before the time of embarkation, the Pilgrim Officer shall hand over the list referred to in rule 152, or 153, as the case may be, together with the sums remaining unpaid, to the master of the ship, who shall, on taking a receipt in a separate list to be prepared by him, pay to each pilgrim at or before the time of disembarkation at the port of his destination, the sum due to him, in the manner laid down in rule 152, in the presence of a responsible officer deputed by His Majesty's Representative at Jeddah and hand over both the said lists and any money still remaining unpaid to that officer for transmission to the Pilgrim Officer concerned who shall credit the money to the Haj Fund at the disposal of the Port Haj Committee of the port.

The Master, Owner, etc.

155. The master shall give the notice required under section 191 in Form VI and shall produce before the Inspector at the time of his inspection, a certificate in the following form:—

"Certified that the maximum number of pilgrims (excluding infants under one year) proposed to be carried and the accommodation to be reserved for each class are as follows:

"On the voyage of the pilgrim ship proceeding to...

Class of pilgrims.	Maximum number of pilgrims to be (excluding infants under one year) proposed to be carried	Accommodation to be reserved for each class.
Class I	..	
Class II	..	
Pilgrims of the lowest class		
Dated. ..		

(Signed).....
Master"

156. (1) The owner, agent or master of a ship engaged to carry more than 100 pilgrims shall appoint to it a medical officer licensed under rule 171. A second medical officer licensed under rule 171 shall similarly be appointed if the number of pilgrims exceeds 1,000.

(2) Every medical officer appointed under sub rule (1) shall preferably be a Muslim and shall, if possible, be selected out of a panel or list recommended by the Haj Committee of the port of first departure.

(3) In the case of a ship engaged to carry more than 100 pilgrims, the owner, agent or master shall appoint at least one male attendant, and, if there are any female pilgrims to be embarked, one female attendant and, if possible, also a midwife or nurse, to assist the medical officer.

(4) The male and female attendants appointed under sub rule (3) shall be Muslims competent to perform the work of *ghaseel* and *ghasala* respectively on the occasion of the burial at sea of any pilgrims who may die on board. The midwife or nurse appointed under sub-rule (3) shall preferably be a Muslim.

(5) In the case of a ship engaged to carry more than 400 pilgrims, the owner, agent or master shall appoint, in addition to the male and female attendants and midwife or nurse required under sub-rule (3), a compounder who shall preferably be a Muslim.

(6) The male and female attendants and the midwife or nurse to be appointed under sub rule (3) as also the compounder to be appointed under sub rule (5) shall be persons approved by the Health Officer of the port of first departure and arrangements shall be made to the satisfaction of the Inspector for providing them with adequate accommodation on board the ship.

157. The master shall afford the medical officer every facility for examining the provisions, water and medical stores, and for making himself generally familiar with the arrangements made for the accommodation of the pilgrims about to be carried.

158. The master shall cause the statements required by sections 196 and 199 to be prepared in Form VII.

159. The land required by section 203 when a ship clears from any port in British India other than Aden for any port in the Red Sea shall be evidenced in Form VIII.

160. Before sailing the master shall obtain from the Port Health Officer a bill of health in Form IX.

161. The bill of health given at the port of departure shall not be changed during the voyage. It shall be presented at each port of call for countersignature by the Port Health Officer or other sanitary authority of the port and for entry thereon by such officer or authority of—

(a) the number of passengers embarked or disembarked at the port;

(b) anything that has happened at sea affecting the life or health of the persons on board; and

(c) the health conditions of the port of call.

162. The master, owner or agent shall place at a conspicuous place, accessible to pilgrims, a sealed box and writing materials to be provided by the Port Haj Committee of the port of departure so that pilgrims[a]

[a] Pilgrims are at liberty to bring their complaints to the notice of the master of the ship in the first instance and to record them in writing if the master does not take due notice of them.

may write any complaints that they may have and put the paper in the said box through an opening provided for that purpose. On arrival at the port of Jeddah, the master shall make over the box, with its contents, to a responsible officer deputed for this purpose by His Majesty's Representative at that port. In the case of a ship returning to a port in British India with pilgrims, a ship returning to a port in British India with pilgrims, the box, with its contents, shall, on the arrival of the ship at such port, be made over by the master to the Chairman of the Port Haj Committee of the port.

163. The master shall post up in the between-decks and in such other places accessible to the pilgrims as may be convenient (a) a notice displaying the designation of the ship and the price of tickets (b) a printed statement of the Act and these rules and the International Sanitary Convention of 1926 now available with the master of the ship, for reference by any pilgrim who desires to consult them, and (c) all notices which he may be required so to post by any authorized officer at the port of first departure. All such notices and copies shall be in English and Urdu in the case of a ship sailing from Bombay or Karachi and in English and Bengali in the case of a ship sailing from Calcutta.

164. The master shall be responsible for the care of the pilgrims on the voyage. He shall see that the accommodation and amenities to which the pilgrims are entitled are secured to them throughout the voyage, that all pilgrims have access to the upper deck that the space in the upper and between-decks is not encroached upon, that suitable hours are fixed for the regular issue of daily food to the pilgrims, that latrines are attended to by the ship topasses, that a supply of water is at hand for use in the latrines, and that every proper care is taken to secure cleanliness and good sanitary arrangements on board. The master shall comply so far as possible with all reasonable requisitions of the medical officer and shall enter in his log all measures taken during the voyage to control or prevent the spread of infectious disease. He shall, on demand, submit the log to the competent authority at any port of call or at the port of final destination.

165. The master shall appoint one of the staff of the ship, who shall be a Muslim, to the charge of the provisions as aforesaid, to see to the punctual issue to pilgrims, according to scale, of the day's food and water, and to assist the medical officer generally.

166. (1) When any pilgrim who is unaccompanied by any of his legal heirs dies on the voyage, the master shall call a panel composed, wherever possible, of four literate pilgrims and the medical officer on board the ship and shall make an inventory of the effects of the deceased, adding such particulars as to the name and residence of the deceased and the names and addresses of the legal heirs and nearest relations in India as he may be able to gather.

(2) The inventory and particulars prescribed by sub-rule (1) shall be signed by the master and attested by the members of the said panel and the master shall then take charge of the effects of the deceased.

(3) If the ship returns direct from the Hedjaz to any British Indian port, the master shall immediately on the ship arriving in such port, forward the effects of the deceased with the said inventory and particulars to the Executive Officer of the Port Haj Committee of the port in British India at which the deceased pilgrim had embarked.

(4) If the death occurs on the voyage to the Hedjaz, and the ship does not return direct to British India, the master shall make over the effects, with the said inventory and particulars as above, to His Majesty's Representative at Jeddah for transmission to the Executive Officer of the Port Haj Committee of the port in British India at which the deceased pilgrim had embarked.

167. The master shall cause the supplementary statement required by section 190 when additional pilgrims are taken on board at an intermediate port, to be prepared, in Form VII, the heading being altered to "Supplementary Statement required by section 198 of the Indian Merchant Shipping Act, 1923."

168. In the event of a death occurring during the voyage, the master shall enter the first opposite the name of the deceased on the statement referred to in rule 158 or the supplementary statement referred to in rule 167, as the case may be, and shall also enter in the log the name of the deceased, his age, the place from which he came, the certified cause of death and the date of death.

169. In the event of a pilgrim disembarking during the voyage, the master shall note the fact opposite the pilgrim's name on the statement referred to in rule 158 or on the supplementary statement referred to in rule 167 as the case may be.

170. If His Majesty's Representative at Jeddah so directs, the master of a ship returning to a port in British India shall put in at such sanitary station as His Majesty's Representative may specify.

The Medical Officer.

171. (1) The medical officer of every pilgrim ship required by the Act to carry a medical officer shall be licensed by the local Government and appointed by or on behalf of the owner of the pilgrim ship. Every person desiring to obtain a licence[*] to act as such medical officer shall apply for a licence to the Health Officer of the port of first departure. At Jeddah such licences may be granted, for the return voyage only, by His Majesty's Representative, at that port.

(2) The licence shall be renewable yearly, and shall be in Form X.

(3) A person shall not be eligible for appointment as medical officer unless he—

(a) is able to write English, and

(b) (i) holds a medical qualification registered in the United Kingdom, or

(ii) holds a degree or licence of a University constituted by law in British India, and is registered in British India, or

(iia) is a Fellow or Member of the Bombay College of Physicians and Surgeons or of the State Medical Faculty of Bengal or of the State Medical Faculty of the Punjab and registered in British India, or

(iii) is a Military Assistant Surgeon who has passed the special examination conducted by the Director General, Indian Medical Service, prior to 1922 and is registered in British India.

172. The medical officer shall, if not already attached to the ship, immediately on his being appointed to it, proceed on board, report himself to the master, examine and check the medicines and medical stores, and inform himself generally as to the arrangements made for the accommodation of the pilgrims.

173. The medical officer shall be present at the final inspection, and, after it has been held and the ship and her arrangements approved, he shall, if satisfied regarding arrangements for the care and comfort of the pilgrims made in accordance with the rules, furnish a certificate to that effect in Form IV countersigned by the master of the ship.

174. The medical officer shall provide himself with all the necessary instructions and forms required for the voyage.

175. The medical officer shall attend any medical officer appointed to inspect the pilgrims before embarkation for the purposes of section 207 and shall, with a view to special care of precautions on the voyage, watch those who may appear to be in an infirm or sickly state, and make a note regarding them in his diary.

176. The medical officer shall not leave the ship after the medical inspection has been completed. The order which will come into force on the 1st December 1933, requires that the health certificates prescribed under the Importation of Plants Order of 1933 to accompany consignments of living plants imported into the country must include a statement to the effect that the consignment does not contain any plants of the genera now prohibited. An order in similar terms applicable to Scotland is being made by the Department of Agriculture for Scotland :—

STATUTORY RULES AND ORDERS, 1933, No. 1011.

Destructive Insect and Pest, England.

THE IMPORTATION OF ELM TREES AND CONIFERS (PROHIBITION) ORDER OF 1933. DATED OCTOBER 24, 1933.

(D.I.P. 370).

The Minister of Agriculture and Fisheries by virtue and in exercise of the powers vested in him under the Destructive Insects and Pests Acts, 1877 to 1927, (a) and of every other power enabling him in this behalf, and by arrangement with the Forestry Commissioners under section 3 (3) of the Forestry Act, 1919, (b) orders as follows :—

Commencement.

1 This Order shall come into operation on the first day of December, nineteen hundred and thirty three.

Prohibition of Importation of Elm Trees and certain Conifers.

2 (1) For the prevention of the introduction of diseases and pests injurious to elm trees and forest trees, the landing in England or Wales from any country other than Scotland, Northern Ireland, the Irish Free State, the Isle of Man or the Channel Islands of any living plant of any of the genera mentioned in the Schedule to this Order is hereby prohibited.

(2) In this Article "plant" includes tree and shrub and the roots, layers, cuttings and other parts of a plant.

Restriction on Importation of Plants

3 The certificate prescribed in Article 4 of the Importation of Plants Order of 1933 (c) shall except in the case of a consignment consisting wholly of potatoes, include a statement to the effect that the consignment does not contain any plant of any of the genera mentioned in the Schedule hereto.

Procedure where Plants are landed in contravention of the Order

4 If plants mentioned in the Schedule hereto are landed in England or Wales in contravention of this Order, they shall forthwith be destroyed or re-exported at the expense of the importer unless they are otherwise disposed of in accordance with the terms of a licence issued by the Minister or by an Inspector, and any person failing to comply with the terms of a licence granted under this Article shall be liable to a penalty not exceeding ten pounds, or, in respect of a second or subsequent offence, to a penalty not exceeding fifty pounds.

Definitions.

5. In this Order :—

"Minister" means the Minister of Agriculture and Fisheries;

"Inspector" means an Inspector or other authorised officer of the Ministry of Agriculture and Fisheries;

"Importer" includes any person who, whether as owner, consignee or consignor, agent or broker, is in possession of, or in any way entitled to the custody or control of the article.

Revocation of Order.

6. The Importation of Elm Trees (Prohibition) Order of 1928 (d) is hereby revoked, provided that such revocation shall not—

(i) affect the previous operation of such Order, or anything duly done or suffered under such Order, or

(ii) affect any penalty incurred in respect of any offence committed against such Order, or any legal proceedings in respect of any penalty.

Short Title.

7. This Order may be cited as the Importation of Elm Trees and Conifers (Prohibition) Order of 1933

In witness whereof the Official Seal of the Minister of Agriculture and Fisheries is hereunto affixed this twenty-fourth day of October, nineteen hundred and thirty-three. (L. S.)

SUPPLEMENT TO PART I

OF

THE FORT ST. GEORGE GAZETTE.

No. 2] MADRAS, TUESDAY EVENING, JANUARY 9, 1934. [Price, Rs. 1-0-6.

PUBLIC WORKS AND LABOUR DEPARTMENT.

NOTIFICATION.

Fort St. George, December 7, 1933

(G.O. No. 2982 L.).

In paragraphs 46 and 63 of his report on the local nature of the second zone in the Godavari Western Delta (published on pages 1021 to 1074 of Part I of the *Fort St. George Gazette*, dated 28th May 1929) the Special Executive Engineer dealt with the question of irrigation of dry and garden crops in the Delta and framed certain draft rules for the purpose. The rules are contained in Appendices VII to X of the report. The object of the rules is mainly to close certain channels permanently to the irrigation of dry crops of all kinds, to close other channels to the irrigation of dry or garden crops at certain years and to dispense with water applications during the second crop season in areas not closed for irrigation. In some objection petitions that were received after the publication of the report, exception was taken to the restriction on the extension of garden crop cultivation and on the irrigation of dry crops. In reporting on the objections the Board of Revenue remarked that it might be possible to select specified areas whose garden crop cultivation might be allowed without insistence on prior permission being obtained and that as regards the restrictions relating to the irrigation of dry crops the rules suggested by the special Executive Engineer were based on the fact that in the two fasls selected for examination there had been practically no cultivation of dry crops in the areas affected and that as this might be accidental there was a case for a reconsideration of the restrictions. In view of the divergence of opinion over the regulation of dry and garden crop cultivation, the Board suggested that the matter might be referred to the local officers for a re-examination. The Government accordingly directed in G.O. No. 640 L., dated 24th February 1930 (which was placed at the disposal of the Press) that the extension of garden crop cultivation and the question of the relaxation of the restrictions in regard to the irrigation of gingelly and other dry crops under certain channels should be further examined. The Board of Revenue has submitted the reports on the further examination made, as also drafts of revised rules for the irrigation of lands in the delta, which had been prepared by the Collector after consultation with the Irrigation Advisory Board.

The Governor in Council proposes to issue the revised draft rules in Appendix I to this notification in exercise of the powers conferred by section 1 of the Madras Irrigation Cess Act, 1865 [Madras Act VII of 1865], as amended by Madras Acts V of 1900 and III of 1913. The main objects of these rules are (1) to reduce water applications as far as possible and (2) to lay down definitely the period or periods during which water will be available in specified sources for purposes of irrigation so that the ryots may choose their crops accordingly.

The Government also propose to issue the executive instructions in Appendix II to their notification as regards the filling of drinking water and seed bed tanks, irrigation of green manure crops, washing of seeds or salinity, stabilis deconjunction, and the authority to sanction modifications to the schedules A, B and C.

The draft rules and executive instructions are published for general information and will be taken up for consideration by the Local Government after 1st March 1934. Objections and suggestions relating to them should be submitted before that date to the Collector of West Godavari for transmission to the Government. Objections received by the Collector after that date will not be considered by the Government.

APPENDIX I.

DRAFT RULES FOR THE IRRIGATION OF LANDS IN THE GODAVARI WESTERN DELTA.

1. (1) These rules shall apply in respect of all irrigation in the Godavari Western Delta with canal water.

(2) They shall come into force from Fasli 1344.

2. For the purposes of these rules—

(a) 'authorised source' means, in respect of any land, (1) that source, under or upon which land is entered in the ayacut register as the source of the supply of water for the irrigation of such land, and (2) where such land is not shown against any source in the ayacut register any pipe, choke or sprat shown in the ayacut register as a source of irrigation;

(b) 'ayacut register' means a register showing the survey numbers of lands and the extent and the sources of irrigation thereof, which has been, or may be, provided by or under the orders of the Executive Engineer and approved by the District Collector;

(c) 'seed bed zone' means the area specified in Part II of Schedule A under the heading 'garden zone';

(d) 'Executive Engineer' means the Executive Engineer in charge of the Godavari Western delta or the Office of the Public Works Department in charge of that Division for the time being;

(e) 'first crop season' shall be deemed to commence on the date of the annual reopening of the canals and to end with the 31st December following;

(f) 'permanent zone' means the area specified in Part II of Schedule A under the heading 'permanent zone';

(g) 'protected area' means the area specified in Part II of Schedule A under the heading 'protection zone';

PART II—SCHEDULE A.

SECOND CROP SEASON

ROTATIONAL ZONE CHANNEL WAR.

[Rule 4 (3) (b).]

NOTE I.—Rotational zone is described in three ways chanelwar, villagewar and sourcewar. The two latter are only in explanation of the first, and wherever they conflict with the chanelwar rotation lists, the chanelwar rotation lists shall prevail, and shall be followed absolutely.

NOTE II.—The inclusion of a land in the three rotation zone lists (chanelwar, villagewar and sourcewar) of a land also in the excluded zone does not entitle that land to be irrigated—Vide proviso (1) to rule 4 (3) (b).

NOTE III.—The areas given in the relevant columns of the three lists are entered solely for departmental purposes. They may or may not show the area thrown open for irrigation.

NOTE IV.—All those not specifically mentioned as opened are closed.

NOTE V.—Attention is particularly invited to rules 3, 4 (3) (b) and the two provisos thereto.

PART II—SCHEDULE A.

SECOND CROP SEASON.

ROTATIONAL ZONE—VILLAGEWAR.

[Rule 1 (3) (b)]

NOTE I.—Rotational zone is described in three ways, channelwar, villagewar and sourcewar. The two latter are only an explanation of the first and will rarely if ever conflict with the channelwar portion here, the channelwar portion shall prevail, and shall be the test of a dispute.

NOTE II.—The allotment of a land to a zone (channelwar, villagewar, sourcewar) of a kind also in Schedule B will not entail that land to a charani-canal—the provision in rule 4 (3) (b).

NOTE III.—The areas given in the column of remarks are intended solely for departmental purposes. They may or may not show the area shown as per the description.

NOTE IV.—All those not specially mentioned are Lanky land.

NOTE V.—Attention is particularly invited to rules (a), 4 (1) (b) and the two provisos thereto.

PART II—SCHEDULE A.

SECOND CROP SEASON.

ROTATIONAL ZONE—SOURCEWAR.

NOTE I.—Rotational zone is described in three ways—channelwar, villagewar and sourcewar. The two latter are only an explanation of the first, and wherever they conflict with the channelwar rotation lists, the channelwar rotation lists shall prevail, and shall be followed absolutely.

NOTE II.—The inclusion of land in the three rotation zone lists (channelwar, villagewar, and sourcewar) of a land also in the excluded zone does not entitle that land to be irrigated—vide provso 1 to rule 4, (3) (b).

NOTE III.—The areas given in the relevant columns of the three lists are intended solely for departmental purposes. They may or may not show the area thereon open for irrigation.

NOTE IV.—All those not specifically mentioned are closed.

NOTE V.—Attention is particularly invited to rule 3, 4, (3)-(b) and the two provisos thereto.

No 41.—In exercise of the power conferred by sub-section (1) of section 18 of the Madras Motor Vehicles Taxation Act, 1931 (Madras Act III of 1931), the Governor acting with Ministers is hereby pleased to make the following rule :—

RULE.

"The licensing officer shall assess the tax payable in respect of a motor vehicle on the basis of the unladen weight of that type and make of vehicle specified in the list of unladen weights of motor vehicles prepared from time to time by the Commissioner of Police, Madras; and

if the unladen weight of any motor vehicle cannot be ascertained from the said list, the licensing officer shall ascertain its unladen weight in such manner as he may deem fit and assess the tax payable in respect of the vehicle on the basis of the weight so ascertained:

Provided that if a certificate of the correct unladen weight of the motor vehicle is produced from an authority approved for the purpose by the Commissioner of Police in the case of the City of Madras and the District Magistrate elsewhere, the licensing officer shall assess the tax on the basis of the weight so certified."

PRESS COMMUNIQUÉ.

No. 43.— *Fort St. George, January 3, 1934*

[Proposals for the abolition of taluk boards.]

The financial position of most of the district and taluk boards in the Presidency has been adversely affected as a result of legislation passed during the last three years. The Madras Local Boards Amendment Act, 1930, introduced several changes affecting the constitution and finances of district and taluk boards. Before the amendment of the Act, an obligatory land-cess of one anna in the rupee on the annual rental value of lands was levied of which one-half was credited to the district boards and other half to the taluk boards. In addition, an optional cess of not more than 3 pies for district board purposes and a similar 3-pies cess for taluk board purposes could be levied if the boards so desired. The Madras Local Boards Amendment Act, 1930, fixed a uniform compulsory rate of 1 anna 6 pies, the proceeds being shared as follows :—

(1) district boards—6 pies;
(2) taluk boards—4 pies,
(3) Village Development Fund—3 pies; and
(4) panchayats in panchayat areas, taluk boards in non-panchayat areas—3 pies.

As a result of this change, nineteen district boards which were levying an optional cess of 3 pies and one district board which was levying an optional cess of 1½ pies, have now lost this income. The district boards which were either not levying any optional cess or were levying it at less than the maximum rate, have lost a potential source of income. The total immediate loss to district boards is about Rs. 11 lakhs and the ultimate loss is about Rs. 16 lakhs. Most of the taluk boards were levying an optional cess

at varying rates. In lieu of this they are now credited with the proceeds of a 3-pies cess levied in non-panchayat areas. Although the total income of all taluk boards under this head has not decreased individual boards which were getting the full 3-pies optional cess have suffered a loss. Under the old arrangement, taluk boards could have obtained a maximum amount of Rs. 16 lakhs from the optional cess, whereas they now get only Rs. 11 lakhs and even this will gradually be transferred to panchayat boards as more and more panchayats come into existence. Thus a large number of taluk boards have suffered an immediate loss and taluk boards as a whole stand to lose a potential income of Rs. 16 lakhs, as a result of the revised arrangements.

The abolition of tolls, as a result of the passing of the Madras Motor Vehicles Taxation Act, 1931, deprived district boards roughly of 50 per cent of their annual income under the head, as the amount actually realized from the motor vehicles tax fell far short of the estimated income. The loss to district boards is estimated at Rs. 22.27 lakhs a year on the basis of the figures recently worked out.

Motor buses were contributing a substantial amount to the funds of district boards in the shape of licence fees. There has been a serious fall in this source of income also as a considerable number of buses have owing to various causes been taken off the road in the last two or three years.

Prior to the Madras Local Boards Amendment Act of 1930, there were only 130 taluk boards, or roughly one for each revenue division. According to the Act as amended, a taluk board should ordinarily be created for each revenue taluk. The number of taluk boards thus increased from 130 to 208 with a corresponding increase of expenditure under establishments, travelling allowance and contingencies. This has had a further adverse effect upon the finances of the taluk boards.

On the repeal of the Village Panchayat Act of 1920, all panchayats became regular local boards under the Madras Local Boards Act. Specific sources of income were also assigned to these panchayat boards. In addition to a share of the land-cess panchayats are now credited with the receipts from profession tax, licence fees during fairs and festivals, markets, cart-stands and slaughter-houses. The total number of panchayats already exceeds 5 000 and is likely to increase. Taluk boards will thus gradually lose their income from the above sources.

District boards (which have suffered a loss of over 33 lakhs a year) have had to adopt drastic measures to balance their budgets. Expenditure on roads and capital works has had to be rigorously cut down. Retrenchments have been effected under both general and engineering establishments. The deficits which still remained have been met for the time being by temporary advances from the Government and diversions from ear-marked funds.

From a careful examination of their financial position it is observed that, under existing conditions, 12 out of 25 district boards will work at a deficit after providing for a minimum of expenditure on services. If adequate provision is to be made for the maintenance of roads and for capital expenditure, a considerable addition to their resources will be necessary.

As regards taluk boards, the majority of them are not self-supporting. Of the 208 boards, 90 have recurring deficits and 39 more are on the border line. As taluk boards have no elastic sources of revenue, the deficits will accumulate from year to year and more boards will show deficit budgets as their resources decrease with the increase in the number of panchayats. Already a number of taluk boards are not in a position to pay the salaries of their staff.

The position has thus become very unsatisfactory and drastic remedies are imperatively necessary if the boards are to be saved from a complete breakdown. The Government have accordingly formulated the following proposals for meeting the situation and they intend to introduce a Bill in the Legislative Council to give effect thereto :—

(1) *Abolition of taluk boards.*—The duties and functions of the panchayat, taluk and district boards are similar in many respects and overlap in certain cases. There is now no service performed by a taluk board which cannot be taken over by a district or panchayat board. The duplication of control causes an avoidable waste of public funds. The administration of services, such as, medical relief, elementary education, etc., by district boards would result in greater efficiency and benefit by reason of the pooling of the resources and centralized control by a better qualified staff. It is generally agreed that the village panchayat should be developed as the unit of Local Self-Government. The taluk boards are expected to encourage the development of panchayats and supervise them. But in actual practice their interests appear to be often opposed to each other and experience has shown that the present system has not been conducive to the healthy development of village panchayats. The abolition of taluk boards is likely to give an incentive to the development of village panchayats and thus help to save local boards generally from a financial breakdown.

It is, therefore, proposed to abolish the taluk boards and transfer all their functions to the district boards except taluk libraries in panchayat areas which will be transferred to panchayats; if taluk boards are abolished, the net gain to district boards is estimated at Rs. 3·87 lakhs,

(2) *Abolition of the Village Development Fund*.—This fund is a creation of the Madras Local Boards (Amendment) Act of 1930. One-sixth of the land-cess levied in the district is credited to the fund and the fund is utilized for (a) development of village communications, (b) the provision of water-supply, (c) the promotion of sanitation and public health, and is administered by a committee consisting of the president of the district board and of the presidents of the taluk boards in the district. It has been held that the expenditure shall mainly consist of capital expenditure. In actual practice several district boards have been permitted to make a temporary diversion of this fund for general purposes to cover deficits in their budgets. While it has provided for the construction of new lines of communications, it has not provided for expenditure necessary for their maintenance. Another defect of this fund is that the body administering it is not *directly* responsible to any definite electorate. The services for which the expenditure can be incurred from the Village Development Fund are also services allotted either to panchayats or taluk boards or district boards. With the abolition of taluk boards, it is considered that the Village Development Fund also should be abolished and that the income from the 3-pies cess now credited to this fund should be distributed as follows :—

(a) *To district boards.*—The portion of the cess collected in non-panchayat areas.

(b) *To panchayats.*—The portion of the cess collected in panchayat areas.

This under present conditions will augment the general resources of district boards by 11 lakhs and of panchayat boards by 5 lakhs in round figures.

(3) *Splitting up of district boards*.—Simultaneously with the abolition of taluk boards it is considered necessary to constitute smaller district boards so as to make supervision and inspection of the hundreds of elementary schools and village panchayats by the district board presidents possible. Under the existing Act the Government can constitute a district board for any area. The extent to which the number of district boards should be increased would depend on the merits of each case. Only those districts which after careful investigation are expected to be financially self-supporting after bifurcation will be divided. In the United Provinces, with a population equivalent to Madras, there are forty-five district boards and no taluk boards. If smaller district boards are constituted, it is proposed to have one District Board Engineer, and one District Panchayat Officer for each of the new district boards, but to have only one District Health Officer for an entire revenue district since the latter officer works largely under the direction of the Director of Public Health. It is also proposed to provide for Statutory Standing Committees which will ordinarily include a Standing Committee for Education and a District Educational Officer or some other suitable agency under each district board for the supervision and inspection of the local board elementary schools. Instead of a separate elementary education fund for each taluk board in a district there will be a single fund under the control of the district board and the district board will have to arrange for the supervision of the local board elementary schools in the district. District boards will also be empowered to levy the education tax (now levied by taluk boards), subject to the control of the Government as regards the rate of tax and the areas in which it should be levied. No increase of taxation under this head is contemplated.

It is anticipated that if the above proposals are given effect to, district boards will be placed in a stronger financial position and that there will be little difficulty in meeting the small additional expenditure involved in the splitting up of the more unwieldy boards. Panchayat Boards also will be placed on a more stable footing by the addition to their revenues of a share of the Village Development Fund and they will be in a better position to take over such functions as may be transferred to them on the abolition of taluk boards.

It will however be too heavy a price to pay for the advantages claimed in the proposed changes, if the province is again thrown into the throes of a general election to local boards. It is, therefore, proposed to provide that, when a district board is split up, the existing district board members should continue as such in the local board from whose area they were elected. In such cases the existing president of the district board will also continue as president of the new board which exercises jurisdiction over the area from which he was elected and the members of the other board will elect a president from among themselves. A transitory provision will also be included under which the present taluk board presidents will be members of the respective district boards, until the next general elections.

E. CONRAN SMITH,
Secretary to Government.

NOTIFICATION

Fort St. George, January 9, 1936
(*G.O. Ms. No. 210, L. & M.*).

No. 48.—In G.O. No. 4480, L. & M., dated the 28th October 1935, the Government fixed the 15th January 1936 for the retirement of the ordinary members and for the coming into office of the newly elected members of the Boards. Nuvvidi and Bandar Taluk Boards in the Kistna district. The division of the areas of these taluk boards into circles and the preparation of the electoral rolls have not yet been completed, and it is not therefore possible to complete the elections to these taluk boards by the above date. In exercise of the powers conferred by rule 6 (1) (b) of the Schedule to the Madras Local Boards (Amendment) Act, 1930, the Government accordingly postpone the date fixed in G.O. No. 4480, L. & M., dated the 28th October 1935, for the retirement of the existing members and for the coming into office of the newly elected members of the Boards, Nuvvidi and Bandar Taluk Boards and fix the 1st April 1936 in lieu thereof.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the necessary paper for answering and get their machines ready for work with paper inserted in them and to have their register numbers at the left hand corner of their answer papers and the particular kind of Typewriter they use at the right hand corner typed, before the question paper is given to them.

4. Candidates are strictly told not to write anything on the question paper itself Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

5. The candidates will, if necessary, be examined in batches, but at least every four candidates for the Lower grade, at least every two candidates for the Higher grade, must have one machine among them.

6. Managers and Instructors of Institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

7. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall or while their pupils are answering the question papers.

8. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the Manager or Instructor, if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in the matter, his action will be purely ex gratia, the whole responsibility resting on the candidate and the Manager or Instructor.

A similar concession will be allowed in the case of a private candidate, if he has upon one outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidates to compensate for loss of time while the machine is out of order and is being put right.

In the Mufassal.

Heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned four days before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth) to which the candidates elect to appear) will be issued on Thursday, the 18th January 1934, between 11 a.m. and 5 p.m. at the Office of the Commissioner, for Government Examinations, Old College, Nungambakam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on Thursday, the 18th January 1934, with all the necessary information as to the Register numbers and names of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of institutions or to private candidates.*

Candidates that have taken a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

Candidates for the *Higher grade* may appear for the first or second batch at their option and *no tickets accordingly are issued for this grade.*

Instructor's Hall Ticket.—**Managers of Instructors of Institutions** and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on **Thursday, the 18th January 1934, and have their names registered.** Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Both at Madras and in the Mofussil.

(ii) Attention is particularly drawn to the following rules:—

1. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination hall.

2. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination and candidates arriving after the expiration of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

4. Strict silence should be maintained in the examination hall.

5. *No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

6. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

7. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All 'spoilt' copies, etc., should be left on the desk where the candidate has been writing.

8. No candidate will be allowed to exceed the time assigned to each paper.

9. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

10. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves including *their address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fee. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

11. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their initials, name or date of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

12. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

13. The answer papers should be stitched or pinned together at the upper left hand corner, and the whole folded in to four lengthwise (not crosswise into four). The register number, the place of examination and also the name and number of the typewriter used should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

(N.B.—(1) Candidates are strictly forbidden to write or type their names on the answer papers.

(2) Candidates should distinctly understand that failure to furnish even any one of these particulars may involve the rejection of valuing their answer papers—particularly any answer paper sent up without the candidate's register number and name or centre will not be valued.)

14. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind in connection with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

15. Candidates are forbidden to communicate with the Examiners, should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

16. No information can be furnished in regard to the results of a candidate or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

GOVERNMENT TECHNICAL EXAMINATIONS, APRIL 1934.

SUBJECTS GROUPED UNDER "COMMERCE" AND "CO-OPERATION" EXCEPT TYPEWRITING.

Notice inviting applications for admission to the Examinations.

Notice is hereby given that the Government Technical Examinations in the following subjects, according to the Lower and Higher grades generally will be held on the 23rd April next and subsequent days.

Note.—The examination in Typewriting (Lower and Higher Grades) will also be held in April 1934, the latest date for the submission of applications being 10th March next. It will be held on Saturday the 28th April next. A notice inviting applications for admission to it will be published in the last week of February next.

[For information as to the conditions of admission candidates are referred to the Notification regulating the Government Technical Examinations and to the Commissioner's "Notice regarding permission to appear," published in the issue of the *Fort St. George Gazette* dated 4th December 1933.]

"Note.—The examinations in Co-operation and Auditing will be in the Higher grade only, there being no examination in the Lower grade

(*a*) Candidates coming up in English Shorthand should specify in column 6 of their applications the particular system according to which they elect to be examined. In the absence of any such specification, it will be concluded that the candidates concerned are to be examined according to the Pitman's system. Candidates coming up in English Shorthand (on the Pitman's system) should adopt the New Era edition.

Candidates will be allowed to transcribe their shorthand notes with a Typewriter; they must bring with them their own Typewriters for this purpose.

(*b*) Candidates coming up in Malayalam Shorthand, should state in their applications whether they elect to be examined according to the *Pitmanic's* or *Chandu's* system.

II. CENTRES OF EXAMINATION.

1. The following are the centres at which the Written examinations will be held in the above subjects:—

Bezwada.	Madura.
Bellary.	Mangalore.
Calicut.	Masulipatam.
Chittoor.	Nellore.
Cocanada.	Ootacamund.
Combatore.	Palghat.
Cuddalore.	Rajahmundry.
Cuddapah.	Salem.
Guntur.	Tellicherry.
Hubli.	Trichinopoly.
Kumbakonam.	Trivandrum.
Kurnool.	Tuticorin.
Madras.	Vellore.
Mangalore.	Vizagapatam.

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *fifty*, the candidates that selected that centre must be prepared to proceed at their own expense, to the nearest centre where the examinations may be held. Timely notice will be given to the candidates concerned.

2. *If a candidate who belongs to any Indian State selects a centre in another Indian State, he should submit his application for admission to the examination through the educational authorities of the State in which the centre selected belongs, so that they may have an opportunity of disallowing the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objection is not taken, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.*

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the centre of examination entered in his application, which must invariably be the place where he is employed or ordinarily resides or should it not be a centre the place nearest to it where the examination is held. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examinations in any of the subjects mentioned at any other place if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such places or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 15th January. Ordinarily, however, only one place will be constituted a centre for each district.

5. Candidates whose examinations cannot be arranged for at any place must, at their own expense, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

III. SCALE OF FEES, WHEN AND WHERE TO BE REMITTED BY CANDIDATES.

1. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Lower grade.	Higher grade.
For each subject — —	6	12

N.B.—No candidate will be permitted to obtain my fee examination in more than one grade in the same subject at the same time

Note.—The examinations in Co-operation and Auditing will be in the Higher grade only, there being no examination in the Lower grade.

2. Candidates who have passed in the Second Class in any subject and grade may come up to qualify for the First Class in that subject and grade on paying the full examination fee that is prescribed for that particular grade they wish to apply.

3. Candidates who desire to be exempted from payment of the prescribed fees should send to their applications through the head of the office, in which they are employed, together with a certificate from the appointing authority to the effect—

that the candidate is at the time of the application undergoing probation and training and that the Government Technical Examination (subject with grade to be specified) is prescribed as part of his probation and training whether recruited direct or by transfer,

or

that it is prescribed as qualification necessary for the candidate to continue in his post without penalty,

or

that it has been newly imposed on the candidate already in the service concerned.

4. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Imperial Bank of India, and the receipt supplied to candidates along with forms of application) signed and given by the Treasury Officer or the Imperial Bank of India attached to the application, which in every case reach the Commissioner's office on or before the 31st January.

Applications for admission to the examinations submitted after the prescribed date will be entertained only on payment of a penal fee of one rupee each and no such applications will be entertained after the lapse of fifteen days from the prescribed date.

On no account will the fees be received in the Commissioner's office whether sent in cash or by Post Office orders. Neither M.O. nor any temporary receipt that may have been granted, can be accepted. It is therefore incumbent upon the candidate to obtain receipt from the Treasury officer to whom the amount was sent and forward the receipt so obtained to this office at once care being taken to see that this receipt also reaches the office by the date prescribed for the submission of applications. No application will

be registered unless it reaches the Commissioner's office by the date prescribed.

5. The fee paid will, in no case whatsoever, be refunded nor will it be received for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the Notification carefully and satisfy themselves, before remitting their fee that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, present, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written as the Oral and Practical Examinations.

IV. APPLICATION FORMS—PROCURING OF—FILLING IN AND THE SUBMISSION OF APPLICATIONS, ON OR BEFORE THE 31st JANUARY.

1. Candidates must send in their applications made out clearly in English on printed forms so that they may reach the Commissioner's office on or before the 31st January, after which date and for fifteen days only, applications will be entertained on payment of a penal fee of rupee one and no such applications will be entertained after the lapse of fifteen days from the prescribed date.

2. Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

In the case of candidates bringing up Typewriting (Lower or Higher grade), a separate application form should be submitted after the publication of a notice in the last week of February 1934.

Applications prepared in manuscript or typewritten forms or forms intended for other examinations will not be accepted.

To admit of the applications reaching the Secretary to the Commissioner for Government Examinations, on the due date candidates should remit their fees sufficiently early, even three or four days before the latest date so that the applications together with their enclosures may reach this office on or before the prescribed date for receipt of applications.

3. Candidates in the mufassal should obtain the required application forms from the treasury of the taluk in which they are residents or of the district to which they belong. Candidates in Mysore and Hyderabad States should obtain the same from the Resident's Treasury, those in Travancore, Cochin and Pudukottah States from the Agent's Treasury, Trichinopoly, and those in Coorg from the Treasury Officer, Coorg, Mercara. Candidates who are residents of Madras should apply for application forms to the Secretary to the Commissioner for Government Examinations, Cathedral Post Office (Madras), and not to the Collector of Madras.

Note.—An approved postage stamp for the required postal stamps are absolutely necessary all requisitions for forms of application. No notice will be taken of a requisition not accompanied by a stamped envelope.

N.B.—No notice will be taken of any application from candidates in the mufassal requesting to be supplied with application forms from this office.

4. Candidates should write their names in Block capitals, their father's names and their house names distinctly and in full in their applications; if 'Hindus' they should state in column 3 of their applications whether they are 'Brahmans,' 'Non Brahmans, Hindus,' 'Adi Dravidas' or 'Adi Andhras.'

Note.—Women candidates should write the letter 'W' in brackets against their names in column 1 of their applications.

5. Only one centre ought to be selected by each candidate, although he may offer several subjects for examination and come up for different grades. The centre selected must invariably be the place where he is employed or ordinarily resides.

All pupils coming up from the same institution must select the same centre, and the applications of all of these should be forwarded together (along with a covering letter stating the number of applications and the names of applicants) by the head of that institution, no application of any private candidate being enclosed with these applications.

6. Every application should contain satisfactory proof of the applicant's general educational attainments by reason of which he is eligible to appear for the examinations in the subjects and for the grades in them brought up by him.

Note.—(1) (a) In the case of those candidates who have completed the Secondary School-Leaving Certificate, full particulars with regard to the name of school, the year when and the serial number thereof.

(b) In the case of those who have passed the Matriculation or F.A. or Intermediate in Arts, or B.A. Degree Examinations, full particulars with regard to the date and page of the *Fort St. George Gazette* announcing their success in the examinations, in the case may be, should be accurately furnished in the columns provided for the purpose in the prescribed application form for admission to the Government Technical Examinations;

(c) Those who do not come under (a) or (b) supra should take care to see that the certificate either at A or B on the back of the application form is submitted with the filled duly made in it and certified accordingly by the authorities concerned; and

(d) Those who come under the category at (c) supra and whose general educational qualifications have been approved under Article 6 of the Notification for taking the Government Technical Examinations, should submit plain certificate from a responsible person, that is, from one who has passed the Matriculation or the higher examination to the effect that the signature appended by the applicant are up to the standard of the grade for which the candidates are applying.

(2) Candidates who do not possess the required general educational qualifications but seem supposed qualified in a particular subject and grade, or even more permitted by the Commissioner to come up for a particular subject and for a particular grade will be admitted, provided that they are appearing in the same school and for the same grade and that in the former case, they quote in their applications for admission to the examinations, the year when they failed and the centre at which they appeared and in the latter case the number and date of the Commissioner granting them the permission.

7. The subject the applicant desires to be examined in should be specified exactly as it is described in the Notification regulating the Government Technical Examinations or as they are described in the notice under the heading "I. Subjects and grade of Examinations."

8. The occupation or profession of candidates, or the appointments held by them and their addresses (postal address) should invariably be stated in full in column 10 of their applications.

Note.—Candidates should particularly see that they do not fail to sign and date their applications at the columns provided for the purpose.

9. Heads of institutions are requested to see, before the certificate at the foot of the application form is signed by them that their institution has been recognised by the Director of Public Instruction, Madras, or by the Director of Industries, Madras, as fitted to impart instruction in the Technical subjects and for the grades at them brought up by their pupils and that they quote in the applications the number and date of the proceedings of the authority that accorded such recognition.

N.B.—Heads of institutions recognised for *General Education* only should not sign the certificate at the foot of the application form filled in by any of their pupils seeking up for any of the Technical Examinations.

Note.—(1) Candidates are particularly requested to note carefully the instructions printed under the headings (1 Subjects and Grade of Examinations and II Centres of Examinations) where they fill in the application forms and such particulars are necessary must invariably be noted by them in their applications in unequivocal terms.

(2) Applications defective in any of the particulars will be returned.

10. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, *the receipt for the fee paid being securely fastened to it:—*

[Application for admission to the Government Technical Examinations of April 1934.]

To

The Secretary to the Commissioner
for Government Examinations,
Cathedral Post Office (Madras).

N.B.—Candidates desirous to assure themselves that their applications have been received should enclose one *addressed postcard (with the required postage stamp affixed to it)* in their respective applications. The postcards should bear the sender's address only, and no other writing. Such postcards will be returned to them in due course with the 'Date' stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding 'Registered' covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

V. TIME-TABLE.

Subject to any change that it may be necessary or convenient to make in the arrangements, the Written examinations will be conducted in the order of day, time and subjects as shown in the following table:

Note.—Candidates will not be allowed to take up in more than one of the subjects included together for the same Unit on the same day in the table below, or for more than one grade of examination in the same subject at one and the same sitting of examination.

NOTE.—The examination in Typewriting will be held on Saturday the 28th April 1934, the latest date for the submission of applications being 10th March 1934. A notice inviting applications for admission to it will be published in the last week of February.

VI. NOTIFICATION—SYLLABUS AND GENERAL INSTRUCTIONS TO CANDIDATES.

1. Information regarding the conditions of admission to each grade of examination, groups of subjects for which Group Certificates and Diplomas shall be awarded, etc., will be found in the Notification regulating the Government Technical Examinations.

The nature and scope of the examination in each subject are given in the syllabus for that subject. In the syllabus also will be found given the distribution of marks among the several sections or papers of the examinations and the minima required for passing in each class in each subject and the names of the text-books recommended to be studied in case any text-books are recommended. Where no text-books are mentioned in the syllabus, it must be presumed that no text-books have been recommended.

For any further information that may be required, candidates are referred to the Notification regulating the Government Technical Examinations embodied in the Calendar of the Commissioner for Government Examinations, Madras, and to the syllabuses for the different subjects, copies of both of which can be had on payment at the Government Press, Mount Road Branch, Mount Road, Madras. No copies either of the Calendar or of the syllabuses can be furnished to candidates from the Commissioner's Office.

No copies of previous year's Question Papers can be furnished. No information as to where they can be had is available in this office.

2. Candidates are also recommended to refer to the notice that will be published in Part I-B of the *Fort St. George Gazette* early in April regarding the final order of day, time and subjects according to which the examinations will be conducted, the places of examination both at Madras and in the mofussil, and Regulations to be observed by candidates both at Madras and in the mofussil.

3. Candidates are further informed that no notice will be taken of any letter from them requesting to be informed of their Register Numbers as they are expected to learn these from the extract of the Nominal List that will be posted at the entrance to the hall at such places of examination two days before the commencement of the examinations.

4. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind or whose answer papers contain objectionable matter is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit, or if the Commissioner is not satisfied, for any reason whatever, as to the trustworthiness of his results, his results may be cancelled or he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

5. Candidates are forbidden to communicate with the Examiners, should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

6. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision to which he may have failed. The names of successful candidates in each subject arranged in two classes, first and second, will be published in the *Fort St. George Gazette*. The pass list for each grade of a subject as published in the Gazette is complete and final. Applications from unsuccessful candidates or from persons on their behalf asking for information as to the causes of failure or for a revaluation of the answer papers will not be attended to.

7. In submitting an application for admission to any examination the candidate will be deemed to have given an undertaking that he will abide by all the rules now in force or those to be brought into effect hereafter in respect of that examination, including the following:—No revaluation of answer papers is permissible.

SPECIAL CONVOCATION, FEBRUARY 1931.

A Convocation for conferring degrees and for the award of diplomas will be held in the Senate House, Madras, on Thursday, the 12th February 1931, at 4-30 p.m.

Applications for degrees, titles or diplomas, the prescribed fees, etc., should reach the Registrar not later than Tuesday, the 20th January 1931. Printed forms of application for the purpose can be obtained from the office of the Registrar on application either in person or by post after Wednesday, the 14th January 1931. *Special* forms of application are available for candidates taking their degrees in absentia, and for those taking the M.A. Degree. Candidates are therefore requested to specify the form they require.

Candidates must attend to receive the degree either in person or in absentia.

THE DIPLOMA FEE FOR A DEGREE, ETC., AT A CONVOCATION EITHER IN PERSON OR IN ABSENTIA IS Rs. 2

The fee for degree, etc., *in absentia* other than M.A. is Rs. 10.

The fee for the M.A. Degree *in absentia* is Rs. 25.

The fee for the M.A. Degree *in person* is Rs. 25.

The fees referred to above should be paid into the Imperial Bank of India, Madras, or into any one of the Circles or Branches of the Imperial Bank of India in the mofussil, and the receipt thereof submitted to this office with the application for admission to the convocation. In the case of those residing outside the Presidency, the fees should be sent to the Imperial Bank of India, Madras, on the receipt therefor submitted to the office of the Registrar with the application.

Applications, not submitted on the prescribed form, or defective in any particular, or received after the prescribed date will not be accepted. Candidates are advised as a matter of general guidance that non-receipt or non-delivery of application, to submit the same SHOULD RARELY EXCEED THE PRESCRIBED DATE BY MORE THAN A FEW DAYS, ACKNOWLEDGMENT BEING EXPECTED FROM THE REGISTRAR BY RETURN OF POST, *provided by an addressed post card, well, therefore, be acknowledged by the return of the post card, with the University stamps duly impressed thereon.*

Cards of admission to the convocation will be issued on SATURDAY THE 31ST JANUARY 1931, to the address given in the application form. Candidates, besides giving their permanent address, MUST ALSO GIVE THE ADDRESS IN MADRAS, IF ANY, TO WHICH THEIR CARDS OF ADMISSION SHOULD BE DESPATCHED. Candidates for degrees or titles or diplomas, who are not in receipt of the cards of admission are requested to communicate the fact promptly to the Registrar.

Candidates for degrees, titles or diplomas are requested to be in attendance at the Senate House not later than 3-30 p.m. They should wear the current gowns and hoods pertaining to their respective degrees as prescribed in the Regulations.

(By order)

ANDHRA UNIVERSITY.

NOTIFICATION.

INSTRUCTIONS TO CANDIDATES ATTENDING FOR THE EXAMINATIONS TO BE HELD IN MARCH-APRIL 1931.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for distributing the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each answer book. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so their answers will not be valued and their conduct will be reported to the Syndicate for disciplinary action.*

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, blotting pad, cardboard, manuscripts, or paper of any description and from making use of any of these whether introduced into the room by themselves or by any one else; from communicating with or copying from each other; and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be summarily sent out of the room forthwith, and his conduct will be reported to the Registrar. Such a candidate stands the risk of having all his answer papers for the examination for which he has appeared rejected by the Syndicate and of being debarred from opting for the University examinations for such period as the Syndicate may decide.

The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Clarke's Mathematical and Physical Tables will be supplied to candidates in Mathematics, Physics, Chemistry, Chemical Technology and Geography of the Intermediate, B.A., B.Sc., B.A. (Honours), B.Sc. (Honours) and Pre-Degree examinations only.

9. Candidates for examinations in Science subjects shall submit their laboratory note-books to the Examiners concerned on the first day of the practical examination. Each of the candidates taking Botany as the main subject for B.Sc. Degree examination must submit at the practical examination his laboratory note-book, a collection of the named plants collected and preserved by himself and a record of the field work. The candidates should get back the laboratory note-books at the close of the examination.

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions, regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Papers must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. When candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has come up to him and has removed his answer book from him.

13. Candidates sitting for the examinations at the different centres should apply to the Chief Superintendent of the respective centres for their hall tickets.

14. *No college student will be allowed to select a centre for his examination other than that in which the college he studies is situated, except for satisfactory reasons and on the recommendations of the Principal of his college.*

15. *A candidate who underwent his course of study in an affiliated college but appears for the examination a second or a subsequent time having failed previously, should also select the same centre in which the college he studied is situated, except under extraordinary circumstances.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They should also be required to place their signatures upon the identification certificate produced by them, before the Chief Superintendents of the respective centres. The officer from whom the identification certificate is produced should be the Principal of a college or a Government officer of a rank not less than that of a Sub-Magistrate provided however that in the case of a candidate for the Matriculation examination an identification certificate from the Headmaster of a recognised school will suffice.*

GOVERNMENT SECONDARY AND TRAINING SCHOOL FOR WOMEN, ELLORE.

Applications are invited from qualified women candidates other than Indian Christians for admission into the Lower Grade Training class and Higher preparatory class of this school in July 1934.

The applications should be in the prescribed form which should contain correct particulars against all columns. The period of training will be two years for the Lower grade and three years for students admitted into the Higher preparatory class.

The applications should be sent through the Inspecting officers to reach this office on or before 31st March 1934 and should contain a certificate of appointment from the manager of a recognised school or president of a taluk or chairman, municipal council.

Students who hold Elementary School-Leaving Certificates issued by a competent officer of having passed the fifth standard or those who hold transfer certificates of having passed class V granted by the Headmaster of a recognized secondary school will be admitted into the Lower grade and those whose qualifications are below the minimum laid down for admission into the Higher grade and who can reasonably be expected to quickly themselves within a period of one year for Higher grade training will be admitted into the preparatory class. A selection examination will be held, the date of which will be communicated to the qualified candidates sufficiently early. They must attend the examination at their own expense as those who procure the maximum marks fixed will be selected. Every selected student will be on probation for 60 working days and her retention after this period will depend upon the progress made by her.

A hostel is attached to the school. Students who are not permanent residents of Ellore should be prepared to reside in the hostel.

Copies of their general Educational qualifications certificates and conduct certificates should be enclosed to the applications.

T. SARASWATHI,
Headmistress.

2. The wood has been classified according to the classes noted above and intending purchasers are advised to inspect the wood before the sale, as no alteration in the classification will be allowed nor will complaints of any kind be admitted.

3. The various classes have been stored in the sandalwood godowns in quantities of 5 10 and 15 tons for convenience, but the quantities so exposed will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in quantities of 15, 10 or 5 tons or less to suit the convenience of bidders. Bids will be per ton of each class of wood.

4. The sale will be subject to confirmation by the Conservator of Forests, Coimbatore circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash, immediately before the sale, this should preferably be in the form of Madras notes for Rs 1,000 or Rs 500. A receipted treasury chalan for the amount will also be accepted. In the case of intending bidders, who have previously bought sandalwood from the Forest department, a cheque for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale.

6. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price.

7. Each purchaser shall, immediately a quantity is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission, on his part of his having purchased that particular quantity and of having accepted the conditions of the sale notice. No person will be allowed to deposit and bid jointly at the sale.

8. Immediately the sale is over, each purchaser, of his offer for any definite quantity has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of the amount, less the earnest money deposit, into the Imperial Bank of India at Coimbatore or Madras, within eight days of the confirmation of the sale and another 25 per cent before 11th March 1934, the balance of 50 per cent being paid on or before 1st May 1934, or against delivery, whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted shall lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser, who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

9. After 50 per cent of the entire sale value has been paid to the credit of the Forest department delivery of the sandalwood shall be made to the purchaser, provided that, until full payment has been made, a quantity of wood equivalent to 25 per cent of the full sale value shall remain undemoved, even though paid for.

10. On the purchaser's presenting chalans as proof that 50 per cent of the entire sale value has been paid a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 9 *supra*. If, however, proof is produced that the entire sale value has been paid the whole of the sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before 15th May 1934.

11. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing this, delivery may be refused pending verification in which case the delay will count against the accepted bidder.

12. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department, must be accepted.

13. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the weeks allowed in clause 10, demurrage will be charged at the rate of Rs. 2 per ton per diem from the last date fixed for delivery until the wood is finally removed.

14. No sandalwood shall be removed from the depot till a licence to remove is signed by the officer of the Forest department who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the distinct "sale hammer" mark.

15. The Officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

16. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

17. The contractor shall bear the cost of taking delivery of sandalwood.

18. Each intending bidder unless specially exempted by the Conservator of Forests Coimbatore Circle, Coimbatore on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate signed by a responsible Revenue Officer of the district in which he resides, and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificate.

19. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

20 The full quantity of wood advertised for sale will not necessarily be put up to auction.

21 Further particulars can be had on application to the District Forest Officer, North Coimbatore division, Coimbatore.

NOTE.—A further quantity of about 20 tons 4 cwt., which has not been classified as yet, will also be offered for sale.

F. D. ARDAGH,
District Forest Officer, North Coimbatore,
Coimbatore, 8th December 1933

Mr. Yakub Hasan Sait.
Sir M. Akbar Sultan Sahib, K.B.
Mr. R. D. Ismavoon.
Mr. A. A. Horton.
Mr. W. W. La Motte.

414. Read approved and recorded the minutes of the proceedings of the previous meeting held on Wednesday, the 13th December 1933.

415. Read and recorded G.O. Ms. No. 808, Finance (Stores), dated the 11th December 1933, directing the publication in the *Fort St. George Gazette* of a notification to the effect that Mr. A. S. Todd of Messrs. Gordon, Woodroffe & Co. (Madras), Ltd., has been elected by the Madras Chamber of Commerce to be a Trustee of the Port of Madras, vice Mr. F. Lee resigned.

416. Resolved, with reference to Resolution No. 300, dated the 1st December 1933, that the plans and the estimate amounting to Rs. 24,000 submitted by the Port Engineer to give effect to the reconstruction of the offices of the Trust's Engineering Department at the Trust's Workshops be approved and that the expenditure be debited to Capital subject to sanction of Government—funds to be provided by means of a contribution from Revenue to Capital.

417. Resolved, with reference to letter No. A-1-0020/33, dated the 11th November 1933, from the Collector of Chingleput and Madras, on the subject of the proposed transfer to the Trust of that portion of the Spur shown road which lies in front of its new staff quarters on the Southern extension of the Trust's premises, that the Collector be advised that the Board is agreeable to the conditions of alienation contained in his letter subject to condition 1 being modified by Government to read "the land shall be used as a road and for no other purpose."

418. Resolved in modification of Resolutions Nos. 432, 497 and 511, dated respectively the 11th December 1912, 3rd February 1931 and 24th March 1933, to approve of the lease of 2.61 acres of land at Cruddalore to Messrs. The Western India Oil Distributing Company, Limited, Bombay, for a period of four years and one month with effect from the 1st April 1933, the terms and conditions of the lease to be the same as those laid down in the above quoted resolutions—the occupation by the Company of parts of the above land prior to 1st April 1933 being condoned as having been on mutually settled terms at a rate of rent of Rs. 300 per annum per mensem.

Resolved further that the draft agreement of lease submitted by the Chairman be also approved.

419. Resolved to approve of the draft agreement submitted by the Chairman with regard to the terms under which railway trucks to be despatched by the Western India Oil Distributing Company, Limited, Bombay, to and from their installation at Cuddalore should be carried over the Trust's Railway System.

Resolved further to approve of the sale for a sum of Rs. 97 of the Trust's railway siding inside the land leased by the Company for their installation and also to approve of the Trust's Engineering Department undertaking the work of constructing an additional railway siding inside the leased land at the Company's cost.

420. Read and adopted the Chairman's letter to Government No. C. 3834, dated the 28th November 1933, on the subject of the opening on the Receipts side of the Trust's Capital Account of a new head of account, viz., "Amount transferred from the Landing Charges Fund."

421. Read and recorded G.O. Ms. No. 2678 W., Public Works and Labour, dated the 7th December 1933, appointing a Committee to consider and devise a scheme for providing a means of the spoil north of the Madras Harbour and directing that the cost of the Committee be borne in equal proportions by the Government, the Port Trust and the Corporation of Madras.

422. Read and recorded G.O. Ms. No. 347 Finance (Marine) dated the 2nd October 1933, endorsement regarding the letter of the Government of India to the effect that graduated penal by Port Trusts are not liable to income-tax and super-tax.

423. Resolved, with reference to Resolutions Nos. 203 and 409, dated respectively the 11th August 1933 and the 13th December 1933, that the Board bear the new tax, surcharge and super surcharge as the case may be incurred by Messrs. J. E. Mark, A. B. Ritchie and V. M. Karuna Kara Menon.

Resolved further that the Board bear the additional surcharge incurred by the Mechanical Engineer but regrets its inability to pay the additional tax to which he is subject owing to his total income being assessed at a higher rate of tax.

424. Resolved that the Chairman's notes on the subject of the duties of the Harbour Master and the Assistant Harbour Masters at the Port and of the proposed scale of pay for Assistant Harbour Masters be referred for further consideration and report to the Committee appointed by Resolution No. 384, dated the 1st December 1933.

425. Resolved, subject to sanction of Government, which is necessary under section 42 (2) of the Madras Port Trust Act, to approve of the Trust's Traffic Manager's recommendation for remission of fines in two cases amounting to Rs. 80-6-0.

426. Read and recorded with reference to Resolution No. 384, dated the 4th November 1931, a statement dated the 4th December 1933, submitted by the Port Engineer, showing the amount of leave granted during November 1933 to certain members of the monthly paid work charged establishment in excess of the leave ordinarily granted to that establishment.

427. Recorded the Trust's Capital and Revenue Accounts for the month of October 1933.

428. Recorded G.O. Ms. No. 805, Finance (Marine), dated the 5th December 1933, approving the amendment of the bye-laws regulating the period of training etc., of the Harbour Master and the Assistant Harbour Masters at the Port of Madras proposed in Resolution No. 331, dated the 20th October 1933, and notifying its publication in the *Fort St. George Gazette*.

429. Recorded G.O. Routine No. 76, Finance (Marine), dated the 11th December 1933, sanctioning the remission of fines amounting to Rs. 347-14-0 proposed in Resolution No. 306, dated the 1st December 1933.

430. Recorded G.O. Ms. No. 849, Finance (Marine), dated the 11th December 1933, sanctioning the waiver of the recovery from Messrs. M. Cunniappa Nayagar & Sons and Messrs. M. Raja Nayagar and R. Govindaraja Nayagar of the sum of Rs. 772 being the penalty charges in respect of the 386 tokens still due by them in their Token Accounts—vide Resolution No. 356, dated the 1st December 1933.

SUPPLEMENT:

Report of Select Committee on the Bill to amend the Madras Impartible Estates Act, 1904 (Bill No. 11 of 1932)—Tamil.

Report of Select Committee to be presented to the Legislative Council of the Governor of Madras.

Under S.O. 41 of the Standing Orders of the Madras Legislative Council, the following Report of the Select Committee on the Bill further to amend the Madras Impartible Estates Act, 1904 (Bill No. 17 of 1933), together with the Bill as amended by the Select Committee is published :—

BILL No 17 OF 1933.

A Bill further to amend the Madras Impartible Estates Act, 1904, for certain purposes

To

THE HONOURABLE THE LEGISLATIVE COUNCIL OF THE GOVERNOR OF MADRAS.

WE, the members of the Select Committee appointed to consider the Bill further to amend the Madras Impartible Estates Act, 1904 (Bill No. 17 of 1933), have the honour to make the following report.

2. The Bill was published in the *Fort St. George Gazette* in English on the 24th October 1933, in Tamil and Telugu on the 21st November 1933 and in Oriya on the 5th December 1933.

3 We met on Thursday the 14th December 1933 and considered the provisions of the Bill. On the 3rd January 1934, we met and passed our report.

4. The Bill as introduced was intended to validate (1) an exchange of an impartible estate or part thereof for any other estate or part thereof and (2) the sale of an impartible estate or part thereof and the purchase with the proceeds of such sale of any estate or part thereof, provided in each case that the estates or portions of estates which were exchanged or which were sold and purchased fetched equal incomes, and provided further that the Collector of the district certified that the transaction was not disadvantageous to the holder of the impartible estate concerned. We consider that it would be impracticable to ascertain the net income of portions of estates and that the proper safeguard in the case of both (1) an exchange of an impartible estate or portion thereof for another estate or portion thereof, and (2) the sale of an impartible estate or portion thereof and the purchase with the proceeds of such sale of another estate or portion thereof, would be a certificate from the Collector that the transaction was for the advantage of the estate concerned. Such a certificate ought to be conclusive proof of the binding character of the exchange or alienation in question In cases where the impartible estate or portion of the impartible estate which is sought to be exchanged or sold is situated in more than one district, a certificate to the abovementioned effect should be obtained from the Collectors of all the districts concerned. If the Collector or any of the Collectors of the districts in which the impartible estate or portion thereof to be exchanged or sold is situated refuses to issue the certificate above mentioned, it would be open to the holder of the estate concerned to prefer an appeal to the Board of Revenue who on such appeal would have the like power as a Collector to issue the necessary certificate if they thought fit We have amended clause 3 accordingly.

5. We consider it desirable to empower the Local Government to make rules for regulating the grant by a Collector of the certificate required under this Bill and we contemplate that such rules will provide that in issuing the certificate the Collector should take into consideration such particulars as the income, the condition of irrigation works and the proximity to other portions of the estate. We have introduced a new clause for making rules.

6. In the Bill as introduced, the word 'estate' was defined by reference to its definition in the Madras Proprietary Estates Village Service Act, 1894. We consider it much better to repeat the definition in this Bill.

7. We consider that the changes made by us are sufficiently important to justify the republication of the Bill. A copy of the Bill as amended by us is annexed.

MINUTE OF DISSENT.

When an application is received requesting the grant of a certificate for exchange or alienation of an estate or a part thereof it is but proper that the Collector shall send a copy of the same to the heir, if any, of the estate and also publish it in the *Fort St. George Gazette* and the District Gazette of the district in which the estate or the part thereof in question is situated inviting objections, if any, and duly consider those objections before granting the certificate. Further, provision to ensure proper and safe investment of the entire sale-proceeds of an estate or a part thereof in the purchase of another is quite necessary. Since these are not embodied in the Bill itself, I believe the Government will provide for them when they frame rules as empowered under clause 4

BILL No. 17 OF 1933.

A Bill further to amend the Madras Impartible Estates Act, 1904, for certain purposes.

(As amended by the Select Committee.)

WHEREAS it is expedient further to amend the Madras Impartible Estates Act, 1904, for the purposes hereinafter appearing;

AND WHEREAS the previous sanction of the Governor-General has been obtained to the passing of this Act;

It is hereby enacted as follows:—

1. This Act may be called the Madras Impartible Estates (Amendment) Act, 1934, and it shall come into force on such date as the Local Government may by notification in the *Fort St. George Gazette* appoint.

2. At the end of section 2 of the Madras Impartible Estates Act, 1904 (hereinafter referred to as the said

Act), the following paragraph shall be added, namely:—

"For the purposes of clause (c) of sub-section (2) of section 4 and of sub-section (3) of section 4, 'estate' means—

(1) any permanently settled estate, whether a Zamindari, Jaghir, Mitta or Palaiyam;

(2) any portion of such permanently settled estate which has been separately registered in the office of the Collector;

(3) any unsettled Palaiyam or Jaghir;

(4) any inam village of which the grant was made or confirmed by the British Government;

(5) any portion consisting of one or more villages, of any of the estates specified above in clauses (1), (2) and (3), which is held on a permanent under-tenure."

3. In section 4 of the said Act,

(1) in sub-section (2), after clause (b), the following clause shall be added, namely:—

"(c) (i) to exchange the impartible estate or any part or parts thereof for an estate or estates or part or parts of an estate or estates; and

(ii) to alienate the impartible estate or any part or parts thereof and acquire with the proceeds of such alienation an estate or estates or part or parts of an estate or estates:

Provided that the Collector of the district in which the impartible estate which is to be exchanged or alienated or the part or parts thereof which is or are to be exchanged or alienated is or are situated, has granted a certificate, or where the impartible estate or estates or part or parts thereof effected is or are situated in more than one district, the Collectors of all the districts concerned have granted a certificate, to the effect that the transaction of exchange or of alienation

and acquisition as the case may be, is advantageous to and for the benefit of the impartible estate or, where the Collector or any of the Collectors concerned have refused to grant such a certificate, the Board of Revenue, on appeal made to it within a time to be prescribed by rules under section 9, has granted a certificate to the effect that the transaction is advantageous to and for the benefit of the said impartible estate."

(2) Sub-section (3) shall be re-numbered as sub-section (4) and the following shall be inserted as sub-section (3), namely:—

"(3) The estate or estates or part or parts of an estate or estates obtained in exchange for or acquired with the proceeds of the alienation of an impartible estate or any part or parts thereof under clause (c) of sub-section (2) shall, for all the purposes of this Act be deemed to be an impartible estate or to form part or parts of the impartible estate as the case may be."

4. After section 8 of the said Act, the following section shall be added, namely:—

"9. The Local Government may make rules for regulating the grant of certificates under the proviso to clause (c) of sub-section (2) of section 4 and generally for carrying out the purposes of the said clause."

R. V. KRISHNA AYYAR,
Secretary to the Legislative Council.
